

City Cop Hired Regulate Traffic on City Streets

The City Commission has employed Charles Oates to take charge of traffic regulations in Canyon. Mr. Oates is an experienced police officer and has worked with the Amarillo police on traffic regulations.

Oates is armed with traffic tickets and hopes to see an end to fast and careless driving in Canyon.

"We are asking the full co-operation of all citizens of Canyon, and hope that they will assist in regulating traffic, which has become very hazardous," states Mr. Oates.

"The presence of the uniformed policeman on the streets is already having a most beneficial effect," stated Supt. E. A. Wooten. Drivers at the public school are noted to be using care in their driving, and are cutting out fast, reckless driving, stated Mr. Wooten.

"The situation at the post office seems to be the most critical," stated Mr. Oates. He advises those who go after their mail to follow regulations by driving around the block and head into the curb from the north rather than turning across the street from the south.

Pedestrians are also warned not to jay-walk at the post office corner and at other critical intersections around the square.

News Must Make Charge For Use of Pictures in Paper

The Canyon News wishes to publish all of the local pictures possible. However, we make a charge for having the plates made and must continue to make such a charge.

Many daily newspapers will run pictures free of charge when the photographs are furnished. They either have their own engraving plants, or secure a cheap rate on engravings because of the volume of engravings used.

While there has been no objection on the part of people who understand the situation, The News makes this explanation to those who bring or send in pictures and expect the paper to spend \$3 to \$7.50 for having a cut made. This cost is prohibitive to a small institution like your country newspaper.

Furthermore, pictures in The Canyon News are printed in a much more superior manner to those used in the big dailies which have fast presses. Just compare and see the difference.

Lot of Rain and Wet Holds Up Farm Work

There has been too much rain for an actual fact!

The weather station at Amarillo announced Tuesday morning that there would be dry weather Tuesday and Wednesday, with more rain Thursday. It was sprinkling in Canyon within 15 minutes! Sure it did not rain, but there was no drying weather, which farmers need very badly.

Rain fell in Canyon Friday night, amounting to .65 of an inch. The rain hit just about the time the second half of the football game started, and the crowd was drenched.

It rained again Sunday night, with .30 of an inch falling here. Canyon received only about half of the total moisture which fell at various places over the Plains area. Even so, farmers are hoping for dry weather in order that the row crop may dry sufficiently to be safely harvested. The moisture content of grain which is harvested during this wet weather will be high enough for the grain to spoil.

As a result of the continued heavy fog Tuesday night, .02 of an inch of moisture was received.

Public Show of 4-H Pigs Saturday at Johnston Barns

Saturday, September 16, at the L. S. Johnston barns South of Canyon at 10:00 A. M. will be the 4-H Sears' pig show and contest. The show is for the boys with Sears' pens of three and with Sears' gilts. The boys competing in the pen of three class are: Jimmy Janssen, James and Gene Parker, Joe Max Carver, Roland O'Donald, Bob Wilkinson, Glen Tuck, and Floyd Rogers.

Those showing gilts will be: Curtiss Stroup, Gene and Jerry Shipman, Garry Carver, Weldon Tuck, Jimmy Sykes, Jimmie McBroom, and Rhett Plank.

The winners of this contest will compete in the District Contest held at the Tri-State FAIR next week. The judge will be J. P. Smith of the Pantex Experiment Station.

Mrs. R. W. Foster Is Honored on 80th Birthday

MRS. R. W. FOSTER

One of Canyon's earliest pioneers, Mrs. Foster has lived here for 57 years. When she arrived, there were only 7 families living here. On Sunday afternoon Mrs. Foster celebrated her 80th birthday.

The Mark Foster home was the scene of a card shower honoring Mrs. R. W. Foster, one of Canyon's earliest pioneers, on her birthday Sunday afternoon. Hosts and hostesses were Mr. and Mrs. Mark Foster and Mr. and Mrs. Lee Foster.

Guests were greeted at the door by Mrs. Mark Foster and Mrs. Lee Foster. Guests dropped their cards into an antique dish on the coffee table as they greeted the honoree. Arrangements of pastel garden flowers decorated the entertaining rooms.

The lace covered serving table was centered with a birthday cake decorated in yellow and white. "Congratulations on your 80th Birthday" was written on the cake, which was flanked by yellow tapers. Miss Bobby Foster poured coffee from the silver service. Individual cakes were served.

Guests who called were Mr. and Mrs. Dan Foster of Happy, Mr. and Mrs. Jack Foster and son of Wayside, Mr. and Mrs. Paul Foster, Mrs. Della Foster, Mr. and Mrs. Glenn Foster, Billie and Glenna Ruth, Mr. and Mrs. Shorty Prichard of Amarillo, Mrs. W. B. Huffman, Mr. and Mrs. J. O. Parker, Foster, Jerry and Red, Mr. and Mrs. Hosea Foster, Mr. and Mrs. Dewey Foster, Mrs.

Emma Foster, Miss Mattie Foster, Mrs. Lillie Foster.

Mr. and Mrs. A. B. Holt, Mr. and Mrs. Bill Black, Mr. and Mrs. L. A. Pierce, Mrs. Felix Pierce, Rev. and Mrs. A. B. Haynes, Sr., Mrs. Laura Oldham, Mr. and Mrs. K. E. Frieze, Mrs. Worth Jennings and Joe from Lorenzo, Mr. and Mrs. Don Olson, Donald Mark and Jamie, Mrs. J. W. Horn, Mrs. Dollie Taylor, Mrs. J. A. Guthrie, Mrs. B. F. Fronabarger, Dr. B. F. Fronabarger, Mrs. Addie Heffner, Mr. and Mrs. Paul Rogers, Mr. and Mrs. Lorenzo Wirt, Mr. and Mrs. W. H. Stroud, Mr. and Mrs. Cass Jennings, Mr. and Mrs. Louis Hix, Mr. and Mrs. W. H. Hamblen, Mrs. Ed Harrell, Mr. and Mrs. W. J. Prichard, Mr. and Mrs. Joe Black, Mrs. John Davis, Mrs. Clyde McEl-

roy, Mrs. J. R. Hicks, Mrs. Emma Key, Mr. and Mrs. Bill Dogdin. Those sending cards were Mr. and Mrs. Charles Peckenpaugh, Mr. and Mrs. S. V. Wirt, Miss Pearl Black, Mr. and Mrs. R. W. Foster and Chandler, Mrs. Sarah Phillips, Mrs. Lillie Dupe, Mrs. Francis Conrad, Mr. and Mrs. Mark L. Foster, Mr. and Mrs. Bob Simpson, Mr. and Mrs. Phil Nelson, Mrs. F. E. Senarko, Mrs. J. L. Prichard, Mrs. Addie McElroy, Mrs. Neva Winn, Mrs. Thelma Huff, Mr. and Mrs. B. P. Machen, Mrs. Robbie Holston, Miss Marie Fronabarger, Mrs. Maude Long, Mrs. W. B. Huffman, Mr. and Mrs. Grady Oldham, Mr. and Mrs. J. C. Dowd, Mrs. C. D. Bostick, Mrs. R. T. Bowman, Mrs. Beula Heffner, Mrs. W. I. Wester, Mrs. W. E. Tucker, Mr. and Mrs. O. I. Smith, Mr. and Mrs. James Huffman, Mrs. E. A. Upfold, Mr. and Mrs. Frank Harrison, Mr. and Mrs. Jessie Huffman, Mrs. Marion Bozorth, Mrs. R. L. Wagner, Mr. and Mrs. J. S. Harrison, Mrs. Irene Cogburn, Mrs. Lela Williams, Miss Georgia Upfold, Mr. and Mrs. Joe Bryon and daughter, Mr. and Mrs. J. F. Hall, Mr. and Mrs. Howard Rogers, Aubrey Williams, Mr. and Mrs. Mike Pearson, Mrs. W. J. Simpson, Mr. and Mrs. D. S. Simpson, Mr. and Mrs. Homer Stewart, Mr. and Mrs. Bill Schuette and Mrs. Girt Hill.

Leases For Oil And Gas Will Be Let on Park

The Texas State Parks Board will take bids for oil and gas leases on the 15,000 acres of land in the Palo Duro Park on November 1st. No other mineral rights will be included in this lease.

It has been reported from time to time that there were valuable minerals in the Palo Duro. At one time it was thought that gold would be found in paying quantities, and a part of the land in the Park was blocked off for development. Other minerals are reported to be located there in paying quantities.

One of the large oil companies has assured Park authorities that it is ready to offer a sizeable amount for an oil and gas lease on the land. Several years ago one test well was sunk in the area. A gas pocket was hit which blew the tools from the well and wrecked the tower. No further operations have been carried on since that time.

Draws Suspended Sentence in Court

Garvin B. Holt was tried in district court Monday before a jury on the charge of driving while intoxicated. He received a three year suspended sentence for his second offense.

Fred Newberry was given a 5-year suspended sentence Tuesday on the charge of murder in connection with a highway car accident.

Stork Specials

A baby girl was born to Mr. and Mrs. Cliff Durham on September 7. Mr. and Mrs. Delbert Devin are the parents of a baby boy born on September 7.

On September 9 a baby girl was born to Mr. and Mrs. Keene McDonald.

On September 2 a son, James Alonzo, was born to Major and Mrs. Ogden Stroud, who live at Barksdale Field, Shreveport, La. Major Stroud is the son of Mr. and Mrs. W. H. Stroud of this city.

Mr. and Mrs. Alton Huggins are the parents of a baby girl born on September 9 in Northwest Texas Hospital. Mrs. Huggins is the former Charlene Davenport, daughter of Mr. and Mrs. C. S. Davenport.

roy, Mrs. J. R. Hicks, Mrs. Emma Key, Mr. and Mrs. Bill Dogdin.

Plans for Winter Recreation Program Are Being Made

The Executive Committee of the Canyon Community Recreation Council met in an open meeting Monday night, September 11, in the High School Cafeteria at 8 o'clock. E. A. Wooten, chairman of the group presided. Other members of the committee are D. K. McGehee, finance chairman, Al Kieselbach, promotion and publicity, Miss Jane Darland, social recreation, Delbert Lowes, secretary-treasurer. The sixth member of the original committee, Rev. Hubert Thomson has moved from Canyon. Mrs. T. H. Knighton and Mrs. James P. Cornette were appointed to work with the above group in selecting a sixth member for the Executive Committee.

The business session of the meeting was concerned with evaluating the ten-week program operated during the summer and with collecting suggestions and finding sponsors for activities during the winter months. For the young people the program will include the talent show and free movies, Golden gloves, volleyball and basketball tournament, square dancing lessons, skating, and children's theater plus other activities as interest demands.

Suggestions for an adult program which would offer craft classes and socials were made. The committee is open to ideas and will welcome all suggestions, which may be given to one of the members listed above or to Cecil Massey, recreation director.

Mrs. J. C. Fulton and sons Jimmy and Lee left Canyon Tuesday to visit her sister Mrs. I. H. Burrow in North Hollywood, California. Friday morning they caught a plane for Hickman Field, Hawaii. Mrs. Fulton and sons have been visiting with her parents, Mr. and Mrs. Hamblen.

Mrs. Letha Lehnick spent Sunday in the home of her daughter, Mrs. Carroll Ned Love in Tulsa.

Some Damage Is Reported to Row Crops

Considerable damage is being done to the feed crop over Randall county by worm working in the heads and charcoal rot working on the stalks. In addition to these pests other kinds of insects are working on the crop.

Many farmers have sprayed their crop in an effort to kill the pests. County Agent H. E. Shahan states that little can be done to control charcoal rot, but spraying or dusting will kill the worms working in the heads. He states that as high as 25 worms have been found working in the heads of the grain. Spraying or dusting with proper chemicals will control this type of pest.

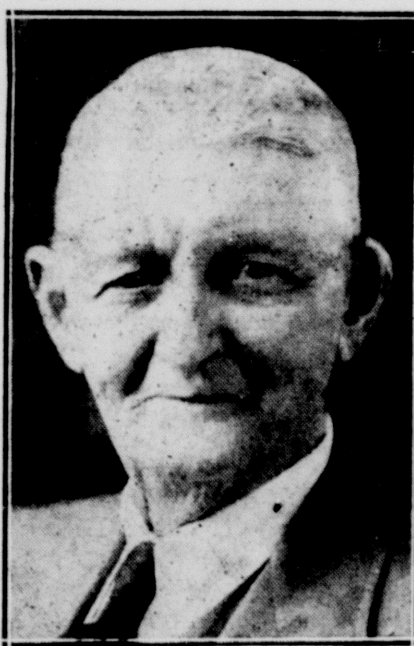

Hosea Foster brought in a number of stalks of grain which had been killed by the rot. A heavy wind would flatten the crop affected by the rot. There is no grain in the heads of the affected grain.

Mr. Shahan states that farmers may detect the presence of worms by the dropping at the base of the stalks and by half chewed grains. As few as two worms in a head will do as much as 25% damage to the grain crop.

So far no one has discovered the cause of charcoal rot. It is a great deal like smut in wheat. All chemicals which are known to kill rot are deadly and therefore dangerous to use.

While a number of farmers have reported the presence of rot and worms in their fields, the extent of these pests is not yet known.

W. S. Amend Died Friday; Ill Two Years

WINFIELD SCOTT AMEND

W. S. Amend, 89, died Friday night following an illness of nearly two years. He had lived in Canyon with his family for 22 years, and served as a member of the City Commission for three terms with C. R. Burrow, who was mayor, and W. H. Crain, commissioner.

Mr. Amend was born Nov. 23, 1861, in Lee County, Iowa. The family moved to Texas in 1876, residing in Fannin county and Collingsworth county before moving to Sherman county where he was a prominent stock farmer until he moved to Canyon. He served as county commissioner of Sherman county before moving to Canyon for the education of his children.

Miss Leah Paris was united in marriage with Mr. Amend on January 8, 1902, and continues to make her home in Canyon. Four children and their mother survive Mr. Amend.

The funeral was held Sunday afternoon at 3 o'clock at the First Christian Church of which he was a member. Rev. Hubert Thomson of Amarillo and Rev. W. R. Matsler officiated.

Interment was in Dreamland Cemetery in charge of the Griggs-Warren Funeral Home. Pall bearers were C. R. Burrow, A. B. Holt, W. H. Crain, J. H. Lisle, W. C. Black, and Roy Cheatham.

Survivors are the wife; one daughter, Mrs. Leah Amend Kay of Amarillo; three sons, F. W. Amend of Meriden, Idaho, W. S. Amend Jr., of Plainview, J. D. Amend of Amarillo; one grandson, W. J. Amend of Meriden, Idaho.

Guill Blasts Lack of White House Policy

"We cannot compromise the Communists," declared Congressman Ben Guill in Canyon Tuesday as he spoke before a joint meeting of the Rotary and Lions Clubs.

Congressman Guill is home for a week's recess while Congress is taking a brief breathing spell. He will return Sunday to his place in the House. During his stay here he has been invited to speak to gatherings throughout the district.

Mr. Guill, a former Canyon boy, is held in the highest regard by the citizens of Canyon and spoke of his experiences and investigations since he was elected to Congress in the special election in May. He was top candidate over 10 Democrats. Although he has been a live-long Democrat, he quit the party when he realized that the Democratic party has sold out to the leftwingers. "You have let our government get out of your control," declared Guill in seeking a cause for the confusion in Washington today.

The speaker charged that Defense Secretary Johnson and Secretary of State Acheson are largely responsible for the confusion and uncertainty which exists in Washington and for the lack of a foreign policy. Yet the President said: "I will not let Johnson and Acheson go as long as I am in office."

"It is time that these men be replaced by someone in whom the people have confidence," stated Guill.

Referring to the Anti-Communist bill which was passed by the House and now pending in the Senate, Guill paid high tribute to the Democrats who had engineered the passage of the bill in face of the protest of the White House and the avowed declaration of the President that he would veto the measure if it reached the White House.

The bill simply provides that all commies shall register.

If they fail to register, if exposed they have the right of trial by jury. If found guilty they are subject to a fine and to penitentiary sentence.

The opposition in the Senate is trying to make the bill ridiculous in its operation so that the President will be justified in his veto.

The growth of Communism was traced from date of the Yalta Conference when our sick President had the two top Communist advisers by his side. Guill showed a map which gave Russia a stranglehold on Asia by terms of the Yalta conference. If the terms are carried out, Japan will be completely outflanked. Congress was not notified of the terms of this conference until one year after it was made.

General Marshall termed the Chinese commies as a group of farmer-reformers. Those who read the war news from Korea know that our boys are not fighting a bunch of farmers, but real soldiers, well equipped. Russia has today in Port Arthur 300 submarines, yet Germany had only 50 subs when the fleet sank most of our ships.

Woodrow Wilson declared for open diplomacy, yet Truman has kept up top secrets all of the treaties with Russia.

It was not possible to point out all of the leading commies in Washington.

Memphis Brings Strong Team to Battle Eagles

The Canyon High School Eagles will play their second game of the season Friday night at Buffalo Stadium at 8 o'clock.

The strong Memphis High School team will be entertained by the Eagles, who are hoping for a victory in their second start of the season.

The Memphis team nosed out the Dumas high school Friday night in a rain storm which hit during the first half.

Announcement is made that tickets for the game will be on sale at the Canyon Drug.

Saturday Morning Brings Free Movie

Saturday morning at 9:30 is the time for another free movie and talent show at the Olympic Theatre. Since Richard Busted and Melvin Cunningham broke the ice and appeared on the last program, three boys have signed up to perform this week. Bill Mayben and Charles Joyner will give a stunt while Bill Harrison will play his harmonica. Other boys and girls who are interested in taking part in the program are asked to contact Vergie Haines for performance date.

Now that school is in session, rehearsals will be held on either Thursday or Friday afternoon 3:30.

Mr. and Mrs. H. E. Campfield returned Monday from Galveston where they attended the American Legion and American Legion Auxiliary Convention. Mrs. H. N. Lyles of Cisco of the 5th Division was elected department president of the president for the Auxiliary.

ton today, but Lattimore, Jessup and Service were named as among those who have honeycombed the State Department.

Guill traced the shipment of vital goods to Russia. He had received figures from Washington by long distance on Monday. In 1947 we shipped to Russia 149 million dollars worth of vital tools; in spite of the fact that lend-lease stopped in March, 1948, we shipped 27 million dollars worth of tools, all capable of making war machines. In 1949 we shipped 60 million dollars worth of goods, about half cotton, needed for war materials.

In the last six months we have shipped 38 million dollars worth of vital metals to England, where they were consigned immediately to Russia. We are giving this material through E. C. A., and the Alee government refuses to put an end to this practice.

Congressman Guill stated that he did not always agree with Senator McCarthy in his drive against communists, but believes that in principal the Senator is right. The administration is seeking to smear him just as Martin Dies was smeared before he was forced out of Congress.

General MacArthur is aware of the dangers in the East, but the President is seeking to curb him.

"If we lose Formosa, Okawana and the Philippines we shall never live to see the day of peace in this nation," declared the speaker in closing.

Eastern Woman Won Car at the Park Sunday pm

Mrs. Carl Bostic of Etna, Pa., won the Chevrolet car given in the Treasure Hunt at the Palo Duro State Park Sunday afternoon. The number of her coin was 3896, and it was the first number drawn for the big prize of the season.

The Treasure Hunt came to a close with Sunday's drawing. A large crowd was present Sunday afternoon to witness the final event of the season. One Amarillo man reported that he held more than 600 coins for the event, and another one held 500 coins which he had picked up in the Park during the season.

Mrs. John McCarty remembered the Pennsylvania woman when Mrs. Bostic and her two daughters visited the Park during the summer. They had been on a vacation trip to California and had been told of the beauties of the Palo Duro. They stopped over for one day, and as a result won the car.

This is the second season for the Treasure Hunt. More than two-thirds of the 10,000 numbered coins were turned in during the season. This is a larger percent than the coins turned in during the 1949 Treasure Hunt. Heavy rains on the first few days of the 1949 season probably washed away or covered up many of the coins which were dropped from the plane.

John McCarty, concessionaire, will attend a meeting of all Park managers in Austin early in October. Plans will be made at that time for the 1951 season.

With fine fall weather, it is estimated that attendance will still continue to grow during the balance of 1950.

June Wimberly To Give Music in the Elementary School

The West Texas Elementary School, now a part of the Canyon Public Schools, got off to a flying start last week with an enrollment of 307 children in grades 1 through 8, as announced by E. R. Reeves, Principal.

This week will mark the beginning of the music program with Miss June Wimberly resuming her work with former students and with new ones who have expressed a desire to take piano this year. Her classroom is located in the northwest corner of the basement floor of the West Texas Elementary School. New patrons who desire to get in touch with Miss Wimberly may reach her through the office of the Principal, telephone number 593.

Randall Named in Distress Area With Loss of Wheat Crop

The Department of Agriculture has named Randall county, together with all wheat growing counties of the Panhandle, in the distress area and eligible for production-disaster loans.

This situation was brought about by the loss of the wheat crop this year. Farmers may secure federal loans for planting wheat this fall.

Politics Ahead in 18th District
For Voters Who Will Participate

When the July and August primaries are over, most Texans give a sigh of relief and think that politics is over for the year. All they need to do now is just go to the polls—a handful of us at least—in November and make the final job.

Not so this year in the 18th Congressional District. We have another political battle on our hands, and before you weary of politics, better take notice of what is going on and what your job will be in November.

First of all we have a Republican Congressman in the 18th Congressional District. He was elected by many Democrats who were opposed to the Democratic administration in Washington. It was a protest vote.

After two red hot primaries Walter Rogers, a neighbor of Congressman Ben Guill, was named as the Democratic nominee. Under ordinary conditions the Democrats would fold their hands and declare that Rogers would be the sure winner in November. Maybe he will be, maybe he will not be the winner. Panhandle voters are getting pretty independent in their thinking, and in their voting.

We are told that Rogers was elected by the independent voters who were sick and tired of Washington domination. Altavene Clark was branded by Rogers as the hand-picked candidate of the administration. Maybe he was, and maybe this phrase will boomerang against Rogers in November.

As we see it, the voters who are opposed to the Democratic administration in Washington have only one thing to do: Go to the polls in November and vote for Republican Ben Guill. He is certainly a protest candidate, if the voters of the 18th District ever had one.

Why then support him? Walter Rogers was elected by the anti-administration group, so they admit! He is not an administration man. Guill is a Republican. If the President pulls another boner as he did in the Marine Corps case, Congress will go Republican in November, and Harry Truman will go back to Missouri to sell shirts after 1952. Harry will certainly lose his shirt in the next presidential election.

Guill has accomplished a feat which no Democratic Congressman of this district could hope to achieve in many years. He is a member of the powerful Committee on Agriculture, in which all Panhandle folks are interested. If Rogers is elected in November, the 18th District will lose its place on this committee, and Rogers will start serving, either as a freshman Democrat in a Republican controlled Congress, or will start at the bottom of the Democratic ladder of seniority progression which is the rule in Washington.

In either case, Rogers will be at a distinct disadvantage over his opponent.

If we did not know Ben Guill so well, we would not be so enthusiastic for him and his ability to get things done. He grew up in Canyon, and every person who ever had the slightest dealings with him is strong for him and his ability to get things done. While they have nothing against Rogers, they have the strongest inclination to support Ben Guill as the more capable and in the more strategic position of the two candidates.

This brings us down to position of the two candidates in the Panhandle. Amarillo is dissatisfied because he has not been able to furnish a Congressman in recent years. Rogers has already announced that he will not move from Pampa to Amarillo if elected, regardless of the pressure put on him. Guill has never been an Amarillo man, and will not move there. In spite of the fact that leadership for the Rogers campaign came from Amarillo, the politically minded leaders up that way will be after his scalp in the near future if he is elected and does not move to Amarillo. Oh, yes, while Amarillo is his home, the real brains of the Rogers campaign, Colonel Jay Taylor lives in Randall County. Old Tack says that he is the political boss of Amarillo. So far as Ben Guill is concerned, he says he has no political boss, excepting the people of the Panhandle.

We have been told by many voters that they would like to vote for Ben Guill if it were not for the pledge which they took in July and August to support the Democratic nominee. The Rogers camp will likely stress this in the campaign. The Guill headquarters points out the fact that a forced pledge is no pledge. In other words, under the strong Democratic majority which has existed in Texas throughout the years the voter who will not take the pledge is disenfranchised. He has no choice whatsoever in his government, unless he says that he will support the nominee.

The voters of Randall County ignored this silly pledge when the county went for Hoover. The voters may ignore the pledge once more in supporting Ben Guill over Walter Rogers.

We shall see what we shall see.

In World War I there was a great rush of medical men to serve the armed forces; the trend was not pronounced in the recent struggle and seems to have been entirely dissipated at this time.

Social security seems to be generally accepted as a good thing nowadays despite the fact that it was a step toward socialism less than twenty years ago.

Now that the defense line has been established in Korea it remains to be seen what the Russians will do when the North Koreans begin to back-pedal.

The boys who are fighting in Korea cannot help it if they use harsh names when they refer to the profiteers and hoarders in the states.

The affairs of the nation will be in bad shape whenever labor unions or generals direct our foreign affairs—if you know what we mean.

There are signs that the home-front war on "communism" is developing into a witch-hunt, with senseless injury to innocent persons.

Newspapers do a tremendous amount of public service but they seldom blow their horns about their publicity for the common good.

Criminals, according to report, are invading legitimate business fields where they threaten to introduce the tactics of the gangster.

If you have managed to survive the first two-thirds of the year you might as well drive carefully and see the New Year arrive.

There is such a thing as overwork but not many people run the risk.

Most of the people who discuss public problems know nothing about them.

The President Blew His Top;
and May Lose His Shirt Too

The president of the United States makes a very great mistake and was forced to apologize for his hasty selection of words—or for his apparent anger.

Tom Dewey lost millions of votes in his race for the presidency when he got mad and hastily rebuked the engineer of his train.

Happy is the man who keeps a level head and does not go off half cocked, or blows his top at the least provocation. He is not forced to go around mopping up his mistakes, or apologizing for his haste.

There is not a person living who does not make plenty of mistakes, but why magnify these errors by a display of temper over such mistakes.

The President had to back down. He had stirred up a hornet's nest of trouble as the result of his error of judgment. All of which leads up to the observation: With all the scores of advisers around the President just why should he write a letter which charged the Marine Corps with Stalin tactics when everyone knows that Stalin is the most unpopular man outside the iron curtain? Either the President wrote this letter without submitting it to advisers, or he has a mighty dumb bunch of "yes" men around the White House who are more interested in holding their jobs than they are of serving the people.

Indirect bribery is what influences many of our men and women of wealth when they consider the impact of any legislation.

We all know how to read but, with all the books, etc., available we do not discover much except by personal experience.

We may have better legislation when we have better legislators but we won't get them until we have better people.

The trouble with too much news, in this day and generation, is that it only tells what other people think is the facts.

Two generations ago a boy was lucky to have a goat to ride; nowadays it must be the latest type automobile.

The silliest public suggestion: an ultimatum to Soviet Russia in the present state of our national defenses.

The truth, as the late Rudyard Kipling pointed out, is often twisted by knaves to make a trap for fools.

Those who expect to hear the truth about a political campaign evidently know little about campaigns.

The commencement oratory is over and, somehow, the problems of the universe have not been solved.

The book reading habit is a good one to develop if you have sense enough to select the right books.

The dry weather that ruins a farmer's crop will later cause dust to settle upon the merchant's shelves.

Nothing would suit Stalin better than a weak, inefficient powerless government in Washington.

Maybe, Joseph Stalin took seriously this talk about Communists running the State department.

The man who has a third set of teeth developing ought to be able to get the bite of things.

The autocrat is the man who thinks that the well-to-do should rule the earth and its people.

Correct this sentence: "It's all my fault; have your automobile fixed and send me the bill."

News In Canyon
25 Years Ago
(Taken from the files of the
Randall County News of
September 10, 1925)

A son was born to Mr. and Mrs. H. R. Fulton.

Bradford Black, young son of Mr. and Mrs. W. C. Black, was thrown through the windshield of the family car when it hit a post at Dr. J. M. Black's farm. The boy was not seriously injured.

Miss Isabel Robinson became head of the Art Department of the college.

Miss Novella Goodman joined the training school faculty as sixth grade teacher.

A petition of 63 citizens asked that 80 acres of the college part of Canyon be added to the incorporation. The City Commission took in this section over the protest of 21 citizens.

Congressman Marvin Jones has returned from a visit in Japan with the opinion that the Japanese do not wish war with the United States. Olin E. Hinkle left for Columbia, Mo., to start his work in the department of journalism.

A son was born to Mr. and Mrs. H. W. Cabe.

Q. C. Redfearn underwent an operation at an Amarillo hospital.

President J. A. Hill heads a committee of eleven which will start a campaign Oct. 1 to raise \$25,000 for construction of the Baptist Church.

Rev. M. M. Beavers states that when the Northwest Texas Conference meets here in November, Canyon will be the smallest town ever to attempt entertaining this large group of church workers.

Four Canyon citizens paid fines in Amarillo for not having front and rear license number plates.

Francis P. Matthews, Secretary of the Navy, referring to controversial speech: "I was speaking for myself and the speech speaks for itself."

Who Knows

1. What was the cost of World War I?
2. How does it compare with the cost of World War II?
3. What is the expected turkey crop for 1950?
4. How many persons were employed by the P. O. Department on July 1?
5. What cargo did N. Y. longshoremen recently refuse to unload?
6. What five places have been named as possible Communist "hot spots?"
7. Who has proposed the immediate creation of a unified European army?
8. What is the penalty for contempt of Congress?
9. What name has been given to the Navy's newest air-launched rocket?
10. What does the U. N. flag look like?

(See "The Answers" on Page 7.)

LIGHTNING STRIKES TWICE

Riverview, Fla. — A year ago a bolt of lightning knocked a soft-drink bottle from the hand of Charles Sappal as he sat at his fishing camp on the Little Manatee River. Lightning struck again on June 21, in the same spot. This time a bolt killed Sappal, 67.

IN REVERSE

"Why didn't you enjoy your drive to Florida?"

"Well we had to follow the main highways — all the detours were being repaired."

De Gaulle calls on France to prepare for "impending tempest."

Drive RIGHT with Phillips 66

If you are a careful driver, you know how important it is to be careful about the gasoline you buy. All motor fuels are not alike... they are not equally dependable or equally economical. Today, Phillips 66 is a better gasoline than ever before. Improved refining methods provide smooth anti-knock performance, fast acceleration, and great power. Get this improved Phillips 66 Gasoline at any station where you see the orange and black Phillips 66 Shield.

LISTEN TO the Rex Allen Show Every Friday Night Over C. B. S. 9 p. m., C. S. T.

In Lockhart lives the historian of the city and county—J. Henry Martindale. Caldwell County was named in honor of Matthew "Old Paint" Caldwell, who led the Texans at the Indian battle of Plum Creek. When the county was created from parts of Bastrop and Gonzales Counties, the enactment directed that the county seat be located on the Byrd-Lockhart league and be called Lockhart. Lockhart was one of the couriers sent out by Col. Travis before the fall of the Alamo.

Mr. Martindale considers the two high points in the history of the county, the development at the turn of the century, by Alexander D. Mebane, of the cotton plant to a standard of perfection and the discovery of oil in 1922 by Edgar B. Davis near Luling.

The oldest Protestant church building in Texas still in its original condition, built about 100 years ago, is in Lockhart—the Episcopal Church, and it is an inspiring edifice to visit.

Historian Martindale quotes an advertisement from an early day newspaper, "Capillary abridgment and tonsorial enactment performed at the City Shaving, Bathing, and Hair-Cutting Salon." I think it means you could get a haircut and a shave.

Besides writing history, Mr. Martindale is the county treasurer, and at last accounts notary public, publicity director of the rationing board of the county, secretary-treasurer of the Lockhart's Business Men's Club, Sunday School secretary at First Baptist Church, secretary-treasurer for the San Marcos Baptist Sunday School Association, represents Dun and Bradstreet, the Retail Merchants Association and is correspondent for the San Antonio and Austin newspapers as well as for the United Press and International News Service—and writes a column each week in the Lockhart Post-Register.

Now there's a man who really keeps busy.

NYLONS

For the comfort of the ladies, we report that nylon stockings continue to pour out in a steady stream from the mills, with no production setback in sight, although a sudden pickup in military demand may change the picture overnight. Mills expect to get as much nylon in August, which was only ten per cent less than in July. DuPont, the sole producer of nylon, held back that amount to fill Government orders—mostly for parachutes, and, therefore mostly in the 70-denier size used in nylon apparel fabrics but not in stockings.

RESERVISTS

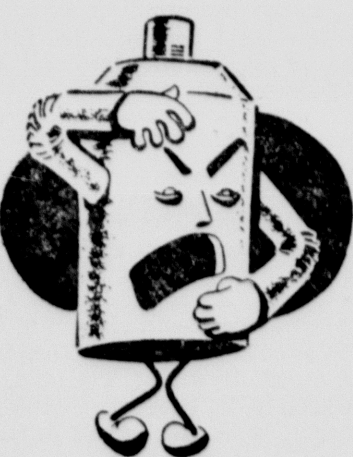

In announcing its new call for individual enlisted reservists, the Army said the age limits will be 19 through 35, except for some specialists in the technical and administrative services. Priority will be determined by the number of dependents each has and the need for their military skills. Of the 62,000 enlisted reservists covered by a previously announced call, 32,000 have already received orders.

Charles G. Dawes, former Vice-President, now 85 years of age: "I think more harm is done by old men who seek to cling to their influence than by young men who anticipate it."

U. S. to require licenses for sugar export after Sept. 1.

U. S. orders cut in use of rubber for civilian goods.

PLUMBING and HEATING

Now is the time to get your Plumbing and Heating done for the joys of the comfortable winter ahead.

Curtis Plumbing and Heating Co.

Stop Gap Only By Economy in Washington, D C

Many people assume that wartime controls are just around the corner but before being panicked into them they should realize that at best controls are no more than sugar-coated stopgaps. In the long run nothing can control inflation except the balancing of government income and outgo. This has not been done for nearly a generation. The present threatening possibility of a third world war is merely aggravating a chronic problem.

One of the most competent of the dissenters insofar as the price control craze is concerned is Henry Hazlitt, author of a column entitled Business Tides, in Newsweek magazine. Recently he warned that: "General price control is at once an ineffective and a crippling device by which a government pretends to protect its citizens against the inescapable consequences of its own fiscal and monetary policies. But it has the merit—for the bureaucrats—of deflecting attention from their own irresponsible monetary policies onto private scapegoats known as 'profiteers'."

There is in existence at present more than three times the volume of money and credit as in 1939. It is this increase in monetary purchasing power, brought about by government policy, and not a continuance of war shortages or so-called "profiteering," that caused the high prices prior to June 25 of this year.

Until the people understand these hard facts and demand a new measure of integrity and frugality in the administration of government there is nothing but increasing misery in store for them—war or no war and regardless of controls. This applies with added emphasis to labor, agricultural, business and civic leaders who go along with the promotion of local projects at Federal expense and the endorsement of officeholders and candidates whose primary qualification is ability to secure Federal handouts.

The Government of Western Germany has quietly begun stockpiling food against the possibility of war. The Germans import nearly half their food, mainly with U. S. aid, and fear that near famine would follow a Russian sweep through Germany.

Top ranking officers in Korea are pressing General MacArthur to move his headquarters to Korea for the duration of the fighting. They complain that headquarters in Tokyo are too far from the front to direct the war properly.

Vegetable costs lower in August but meat prices rose.

Mary Lee McGehee Becomes Bride of Lindsey Taylor Wednesday

MRS. LINDSEY TAYLOR

Wedding vows for Miss Mary Lee McGehee, daughter of Mr. and Mrs. D. K. "Kelly" McGehee, and Mr. Lindsey Taylor, son of Mr. and Mrs. Wilford Taylor, Sr., were spoken on Wednesday morning at 9 o'clock, September 13, at the First Methodist Church. Rev. Herschel L. Thurston, pastor, read the double-ring ceremony.

Vows were exchanged before a background of tall palms of Emerald foliage and an altar draped in white satin. On either side of the altar were large baskets of white mums and candelabra entwined with lemon leaves. Another large basket of white mums sat atop the organ.

Preceding the ceremony, Mrs. K. E. Frieze, organist, played Cadman's "Love Song." Mrs. A. B. Thompson of Hereford introduced the cere-

mony with a violin solo of Schubert's "Serenade", and Miss Pam McDonald sang "I Love Thee" by Grieg and "Oh Promise Me" by De Koven. Traditional wedding marches were used, and the organist played Malotte's "The Lord's Prayer" as a benediction.

Bridesmaids Miss Suzanne Owens, Miss Marion Miller and Miss Pam McDonald wore identical gowns of aqua net over taffeta styled with fitted bodices, shaped shoulder capes and full skirts. They wore matching hats and mitts and carried cascade bouquets of yellow mums.

Miss Bette Jane McGehee, sister of the bride, was maid of honor. Her gown of white net over yellow taffeta was styled identical to the bridesmaid's gowns. She carried a cascade bouquet of white mums.

Jack Taylor was his brother's best man and ushers were Bob Black,

Charles SoRelle, Jack McGehee, and Bob Dowd.

The bride, who was given in marriage by her father, was lovely in a princess style wedding gown of ivory satin. A lace bolero fashioned with three quarter-length sleeves and a yoke fastened at the neck with small covered buttons, was worn over her shoulders. The skirt to the wedding gown extended into a chapel train. Her finger-tip length veil of imported illusion fell from a halo of organe blossoms, and her bridal bouquet was a white orchid encircled with stephanotis.

For her daughter's wedding, Mrs. McGehee chose a sheer navy blue Fraille suit with navy and winter pink accessories. Her corsage was of pink roses.

Mrs. Taylor, mother of the bridegroom, wore a mink brown dress of silk chiffon fashioned with a yoke of re-embroidered alencon lace. Her accessories were brown, and her corsage was a green orchid.

A wedding breakfast was held for the couple in Fellowship Hall following the ceremony. Attendants of the bride served coffee and cake to the guests.

For a wedding trip to Niagara Falls, the bride wore a navy blue suit with matching accessories, and an orchid corsage.

Mrs. Taylor is a graduate of West Texas State High School, and has attended West Texas State College for two years where she is a member of Gamma Phi sorority.

Mr. Taylor graduated from Canyon High School and attended West Texas State College where he was a member of Epsilon Beta fraternity. He also attended Texas Technological College at Lubbock, and served for 18 months in the U. S. Navy. He is associated with his father in the Taylor and Sons Country Store.

After Sept. 27 the couple will be at home in Canyon.

Mrs. G. B. Bourland returned Sunday afternoon from a two week trip during which she visited her son Gordon in Ft. Worth and relatives in Mountain View and Little Rock, Arkansas. She returned by Floydada and Lockney where she visited a brother and niece. Her niece and husband, Mr. and Mrs. Bishop Wigginton, brought her home Saturday.

Manus Foster, son of Mr. and Mrs. Buddy Foster, returned last Wednesday to the University of Kansas where he will continue work on his doctor's degree in physics. He has been awarded a fellowship by the Atomic Energy Commission.

Rebecca Irvine Truman W. Price Are Married

On Friday, September 8, at 4 p. m. Miss Rebecca Irvine, daughter of Rev. and Mrs. Edgar A. Irvine, Methodist Camp Grounds, Happy, became the bride of Truman W. Price, son of Mr. and Mrs. Don E. Price of Panhandle. The bride's father read the double ring ceremony in the parsonage of the Methodist Camp Ground.

Miss Delores Irvine, sister of the bride, at the piano played "O Promise Me" by DeKoven, "I Love You Truly" by Bond as the pre-nuptial prelude. During the ceremony she played "The Lord's Prayer" by Malotte. The traditional wedding march was used for the processional and recessional.

Vows were exchanged before an improvised altar of Texas Virginia creeper and wild grapevine. The entire house was decorated with arrangements of wild flowers from the Canyon.

Wearing an ankle length white dress, Miss Judy Price, sister of the groom, lighted the candles.

Mrs. E. H. Cole of Hereford attended her sister as matron of honor. She wore a grey suit with black and mauve accessories and a white corsage.

The bride was attired in a dark blue-green street length dress complemented with black accessories. A corsage and tiara of shell pink roses completed her ensemble.

Bob Ware of Panhandle, cousin of the groom, was best man.

For her daughter's wedding Mrs. Irvine chose a navy dress with black accessories and a pale pink corsage.

The bridegroom's mother wore a black coat suit with matching accessories and a white corsage.

A reception honoring the couple was given in the home of the bride's parents. The serving table was centered with an arrangement of wild celestials and cloth-of-gold flowers. For traveling to points of interest in New Mexico, the bride chose a wine coat suit with grey and white accessories.

The bride is a graduate of Canyon High School and has attended McMurry College in Abilene and West Texas State. Mr. Price graduated from Panhandle High School and has attended Texas Tech and West Texas State.

After September 15 the couple will be at home in Panhandle, Texas.

Out-of-town guests for the wed-

ding were Mrs. Alice Ware, Mr. and Mrs. Don E. Price, Mr. and Mrs. J. N. Garrettson, Judy Price, Bob Ware, Ramah Garrettson and Billie J. Parsons of Panhandle; Mr. and Mrs. E. H. Cole and son John of Hereford, Mr. and Mrs. Hoyle Shipman of Happy and Mr. and Mrs. Joe Shields of Amarillo.

Alexander-Burtz Wedding Vows Solemnized

The First Baptist Church was the setting for the exchange of wedding vows for Miss Florence Alexander and Clifford Burtz on Thursday the seventh of September at 8:00 p. m. Miss Alexander is the daughter of Mrs. Nelle Alexander of 3403 Hughes, Amarillo; Mr. Burtz's parents are Mr. and Mrs. Earl Burtz of Canyon. Dr. Roy L. Johnson read the double ring ceremony.

Miss June Wimberly, at the organ, played "Clair de Lune" and accompanied Mrs. John A. Shurbert of Dalhart, who sang "I Love You Truly" and "Oh, Promise Me." The traditional wedding march was used for the processional and recessional.

The vows were solemnized before an archway of gladioli flanked by candelabra, baskets of gladioli, and banks of fern.

Attending the bride as matron of honor, Mrs. Jim Heydrick of Norman, Oklahoma, was attired in a ballerina length dress of pink taffeta. She carried a nosegay of white carnations.

Wayne Davis of Canyon served as best man. Ushers were Kenneth Bailey, Joe Bill Barnard of Amarillo, Ervin Davis of Happy and Clyde Fewell of Ropesville.

Given in marriage by Mr. Floyd Keener, a friend of the family, the bride was attired in a white lace ballerina length dress styled with a fitted bodice trimmed with seed pearls and a fully gathered skirt. Her shoulder length veil of illusion fell from a white nylon headress trimmed with lace and pearls. She carried a white Bible topped with a white gardenia and stephanotis. For something old she wore a bracelet made in Czechoslovakia which belonged to her great grandmother.

For her daughter's wedding Mrs. Alexander wore a blue wool two-piece dress with navy accessories. Her corsage was of white carnations.

Mrs. Burtz, the groom's mother, chose a rose gabardine suit complemented with black accessories. Her corsage was of white carnations.

A reception honoring the couple was held in the church parlor immediately following the ceremony.

For a short wedding trip to Carlsbad Cavern the bride selected a gray gabardine suit with navy accessories.

Mrs. Burtz graduated from West Texas High School in May of 1949 and has attended West Texas State one year. Mr. Burtz is a Canyon High School graduate and has attended West Texas State. The couple is at home on a farm near Canyon. They will continue to attend West Texas State.

SURPRISE DINNER HONORS BETTIE JEAN GRAHAM

Misses Bobby and Billy Graham honored their sister Bettie Jean on her birthday with a surprise dinner in the Walter Graham home on Monday evening.

The table was centered with an arrangement of yellow mums and the birthday cake was decorated with yellow flowers and candles.

Dinner was served to Mrs. Stacy Howell and Teddy Dorothy McReynolds, Joyce Payne, Sherma Dixon, Shirley Erwin, Florence Coffey, Bettie McGehee, Jimmie Jennings, Mr. and Mrs. Walter Graham, Nolen Henson and the hostesses.

Miss Alice Pierce, daughter of Mr. and Mrs. Felix Pierce, left a week ago Tuesday for St. Louis where she has enrolled in Washington University to major in retailing. One year's work will be required for a B. A. degree. She is living in McMillan Dormitory. Her father accompanied her on the trip to St. Louis.

Mr. and Mrs. Olin Huff and family returned to their home in Wichita Falls Friday after spending three weeks in Canyon. Mrs. Huff underwent an operation at Neblett Hospital at the beginning of their stay and has been convalescing in the home of her parents Mr. and Mrs. Pat Baber.

Recent Visitors in the home of Mr. and Mrs. C. G. Pond were Mrs. Rossie Mitchell, Betty, Jackie and Dennie, Mr. and Mrs. Dee Estes and daughter Sandra of Portales, New Mexico.

Over the week-end visitors of Mrs. G. B. Bourland were her daughters Mrs. A. B. Dawn of Trinidad, Dr. and Mrs. T. A. Preslar of Childress, and Mrs. W. S. Bennett of Amarillo.

Miss Thelma Hershey of Dimmitt arrived Monday to reside in the Gladys Haines home, while she attends West Texas State. Her sister Zelma is visiting for a few days.

Herman Demus returned Saturday from Plainview where he has been in the hospital for several weeks.

Sunday afternoon visitors in the Gladys Haines home were Mr. and Mrs. Jess Hill of Bushland.

Mr. and Mrs. H. R. Fulton, Jr. returned Monday from a week vacation in New Mexico and Colorado.

See a member of the Junior Class to renew your favorite magazine. It

Tulia Hornets Battle Eagles To Win Friday

The Canyon High School Eagles lost Friday night to the Tulia Hornets at Buffalo Stadium by a score of 18 to 7.

The game started out with the Eagles gaining easily by land and through the air. It looked like a run-away for the locals.

The locals passed for 90 yards and picked up 154 on the ground to 189 total gain for the visitors.

The Eagles made the first touchdown in the first quarter.

Tulia started a march across the field in the second quarter and carried over, making the score 7 to 6 in favor of the Eagles.

The locals took the ball and started to march across the field, winding up the half almost on the goal line of the visitors.

Rain started to fall at the opening of the third period and most of the 2,000 spectators rushed for home. The stands were practically empty, but the boys on the field played on. Handicapped by the wet ball, the Eagles had no luck in the air. The visitors pushed over two touchdowns in the final quarter, but were unable to kick goal.

Miss Elouise Seals who has been living in the home of her uncle and aunt, Mr. and Mrs. A. B. Gray of this city, will continue to make her home here and attend Canyon Public Schools. She will be a senior and will continue her part time job at the Chuckwagon Cafe.

Mr. and Mrs. H. B. Hales took their daughters Betty Jane and Martha to Lubbock Monday to enroll for the fall semester at Texas Tech. Betty Jane will be a junior while Martha will be a freshman.

Mr. and Mrs. Russell Jones and son Rusty of Childress spent the week end in the parental L. C. Moreman home.

If your diet is deficient in Vitamin B this great new formula may help you build

RICH RED BLOOD

and help curb B-Vitamin deficiency symptoms like

**FATIGUE • UNDERWEIGHT
BACKACHE • WEARINESS
CONSTIPATION • 'NERVES'**

Are you constantly tired, weak, irritable, cheerless? Scientists have learned that such a condition may be due, especially in older people, to the simple fact that you do not get enough B-Vitamins and Iron in your diet.

If that is the case with you, then Bexel Special Formula may be exactly what you need to restore you to radiant vitality and vigorous good health. That has been the happy experience of a great many folks probably just like yourself. Ask a typical user and he or she is likely to say, "Bexel has done wonders for me. I feel better, younger, brighter now than I ever thought possible." Why not try Bexel Special Formula yourself... today!

FOR THE FIRST TIME
the important B-Vitamins have been combined with

**IRON!
LIVER!*
CHOLINE!
INOSITOL!** SPECIAL

Bufs Ready For First Game of Season Saturday

Coach Frank Kimbrough and his 47 varsity football candidates have settled down into steady drills in preparation for the West Texas State opener against conference opponent Arizona State of Flagstaff September 16. The tilt will be played under the lights in Amarillo Stadium.

Headed by co-captains Gene Mayfield, Quataque quarterback and top contender for conference honors, and big Roy Lee Dunn, 205-pound 6'3" Borger end, the squad has battled the rain and muddy drill fields to keep at their rigorous training. Ten beefy Bufs reported from two-weeks training with the Texas National Guard and have helped the spirit of the 'darkhorse Buffaloes' tremendously.

West Texas State Opened New Year Good Attendance

Registration started at West Texas State on Tuesday. Freshmen are being registered Wednesday and classes will start Thursday.

The faculty met Monday morning to greet new members and to receive instructions from President James P. Cornette.

No figures were available as the registration Wednesday morning, but indications are good for a healthy growth of attendance during the year.

Mrs. Carl and Bill Heizer, Mrs. Milton Dooley and daughters, Mrs. Toney Brown and Miss Ava Dooley, returned last week from a trip to Newark, New Jersey, and New York City. They visited with Mrs. Dooley's daughter and family, Mr. and Mrs. R. C. Robins with whom Ava had visited for the past five weeks.

Mrs. W. P. Robb of Victor, Montana, visited with Mrs. Milton Dooley over the week-end. Mrs. Robb was Miss Louise Hare before her marriage and attended West Texas State College.

Mrs. R. C. Gazzaway and sons have returned to their home in Paragould, Ark., after visiting in the G. R. Gazzaway home. Her husband is with the American troops in Korea.

Mr. and Mrs. C. L. Sumner of Fort Worth are visiting in the home of her sister with her mother, Mr. and Mrs. Cecil Briggs and Mrs. George C. Harris.

James Rigby left Tuesday to return to Lubbock where he will enroll in Texas Tech as a second semester junior. He spent a week in the parental J. L. Rigby home.

Mr. and Mrs. Dan K. Usery spent the week end in Vernon and Wichita Falls visiting relatives. Sunday morning Mr. Usery visited Mr. and Mrs. Guy B. Tabor at Shepherd Air Field Base.

Recent visitors of Mr. and Mrs. W. G. Boston were Mr. and Mrs. Howard Boston and children of Roscoe and Mr. and Mrs. Harbest Turner of Hale Center.

Mr. and Mrs. T. B. McCarter have returned home from visiting their son Mr. and Mrs. Barry McCarter and family in Washington, D. C. On the return trip they visited in east and central Texas.

Sunday night guests of Mrs. Maggie Burrus were Mr. and Mrs. Glen Burrus and family from Hereford.

Canyon Day Monday at the Tri-State Fair in Amarillo

Next Monday will be Canyon Day at the Tri-State Fair in Amarillo. The parade to the Fair Grounds will be led by the Buffalo Band from West Texas State. Classes at the college will close at noon so that students may attend the fair in the afternoon.

Sam Page, vice president of the Fair, was here Tuesday and states that plans are being completed for the greatest fair in the past history of the organization.

The loss of the Agriculture Building by fire has in no way affected plans for the biggest and best Fair in history. This feeling is shared by Department Heads, most of whom live outside of Amarillo.

The Agricultural exhibits and National Wheat Show will be housed in the Automobile Building. The Culinary, Art and Textile Departments will be moved to the Fine Arts Building located on the exact spot where the Agriculture Building burned.

NOTICE

The Mother-in-law Club will meet with Mrs. C. W. Dunn at 1800 4th Avenue September 14 at 2:30.

Week-end visitors of Mrs. Maggie Burrus were her brother and wife Mr. and Mrs. W. C. Wells of Henrietta, their daughter and family, Mr. and Mrs. Lloyd Vanwinkle and daughter of Petrola.

Guy Harp, A. C. Haley, Jr., J. W. Shook and Cliff Milner attended the annual barbecue for the 183rd District of Rotary in Lubbock last Friday. General Ernest O. Thompson was the main speaker.

Mr. and Mrs. A. B. Gray and children Joy and Weldon had Sunday dinner in the home of Mr. and Mrs. B. A. Stroup.

H. A. Slack of Tucumcari, New Mexico, visited in the parental T. V. Slack home last Wednesday and Thursday.

Mr. and Mrs. Louie Bonds and Loretta of Tulia attended the Canyon-Tulia game last Friday night.

Mrs. C. L. Thompson and Mrs. A. B. Berry attended the gift show in Dallas last week.

Mr. and Mrs. R. D. Lowry returned Sunday night from a sight seeing tour of several states.

Miss Martha Morgan of Amarillo visited with Mr. and Mrs. W. E. Parker Sunday.

Mr. and Mrs. Culp of Plainview were in Canyon on business Monday.

Mrs. Rae M. Walters visited her son Mr. and Mrs. Kenneth Walters in Pampa Sunday.

Bill Adcock will report to San Antonio next week for active service with the Army.

Mr. and Mrs. Jack Downing and Scottie spent Sunday in Amarillo with Mr. and Mrs. Frank Daray.

Charles Owens has returned to the University at Austin to complete work on his law degree.

Mark Taylor will spend the week-end visiting his parents in Crowell.

Swisher County Fair Will Be Held at Tulia Friday-Sat.

Bob Wills, The King of Western Music and the Texas Playboys will be in Tulia Sept. 15 and 16 for two performances at the Swisher County Fair.

Mr. and Mrs. A. L. Parker of Independence, Missouri, visited in the home of his brother, Mr. and Mrs. O. W. Parker, Jr., last week.

Mrs. S. D. Power of Estelline visited in the home of her daughter Mr. and Mrs. H. R. King, Jr., over the week-end.

Robert Camp from Vernon visited Mrs. C. O. Cooper and family Sunday. He is Mrs. Cooper's cousin.

Dr. Leo Dufflot was home from Galveston over the weekend. He is taking a special course in the Medical College.

Max Bellah and Glenn Dowlen have returned to their college work at Austin.

Mr. and Mrs. Tommie Thompson of Austin are home for a week. He is a student in the University of Texas.

Ralph Thompson, son of Mr. and Mrs. Russell Thompson, who is serving with the Civil Service Marines arrived from Seattle, Washington, Friday.

Billy Samples returned Saturday from Corpus Christi and Alice, Tex. where he visited his sister and brother.

Max Allen left last week to enroll in the University of Texas.

Mr. and Mrs. T. M. Thurmon, Monya, Gary, Norma Dean, and Joyce returned Saturday night from a two week vacation to California.

Mr. and Mrs. Gerald Scribner of Perryton visited Mr. and Mrs. Afton Williams Monday. Mr. Scribner is Mrs. Williams' brother.

Mr. and Mrs. Russell Thompson returned Sunday from Mangum, Okla., where they visited relatives.

STILL BORN CHILD

Gloria Ann Baker was buried Sunday at Dreamland Cemetery. She was the still-born daughter of Mr. and Mrs. Otis Baker. In addition to the parents, two brothers, Bobby and Dwight, survive.

Sister Haddock of the Pentecostal Church conducted grave side services.

Mrs. John Ferry of Amarillo visited her son John Jr. Monday.

BINGO! BINGO!

MONDAY NIGHT

September 18th, 1950

AMERICAN LEGION HALL

Come one, come all! Everybody invited. Fine and useful prizes to be given away.

Under the auspices of the Legion Charity Fund.

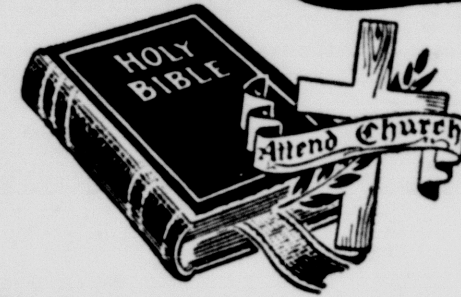

MILLIONS of people have visited Yellowstone National Park to marvel at the Wonders of Nature, to stand in awe before the mysterious work of God. Forests and lakes and waterfalls and steaming pools of varied color and geysers almost without number! *Who can walk or ride through this magic land without worshipping the Maker of it all?*

FOR most of us, *Old Faithful* takes the place of central interest. As regularly as sunrise and sunset, this magnificent geyser throws its shaft of spray into the sky. Ask the attendant when next the geyser will perform; then go about your sightseeing for the next hour; you will not miss its appearance if you are on hand at the fixed moment. That regularity has not changed through the centuries. *In the midst of change and circumstance there is something that is regular and dependable. What has Old Faithful said to you?*

GOD is as dependable as that; He is from everlasting to everlasting. Women and men may fail us, but we can be sure of the continuing love and goodness of our God. Paul reminds us in the first chapters of Romans that even man's unfaithfulness does not change God's abiding faithfulness. Jesus makes it very clear that the Father sends His sunshine and His showers even if we are ungrateful and evil. *Aren't you glad that God, like Old Faithful in Yellowstone, keeps doing His job in fidelity and goodwill, however unworthy we may be?*

TRUE LOVE is like Old Faithful; "many water cannot quench love"; it grows the more strong with testing. Never doubt the woman or the man who truly loves you. *Mother-love and father-love, every true and unselfish love, means a continual and beautiful faithfulness in which you may rest. Thank God for love. Thank God for Old Faithful.*

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

First Federal Savings & Loan Assn. Helps Build The Panhandle

The First Federal Savings & Loan Association, one of Amarillo's leading financial institutions, with offices at 406 Polk, has made possible considerable home building and remodeling in this area through the expansion of its home-loan service department. Because this association has extended such service to the residents of our community, the spirit of civic betterment has been stimulated. This has resulted in a steady increase of new homes, adding much to Amarillo and Panhandle's appearance and wealth.

The loan department of the First Federal Savings & Loan Association in Amarillo does not limit its service to the wealthy investors, but to the average wage earners, who are anxious to have dwellings of their own or to improve the property they already possess. Money is lent for buying, building, refinancing, repairing and modernizing homes in this vicinity. Interest rates are exceedingly low, and you may pay back the sum borrowed in easy, long-term payments.

Full information pertaining to loans may be had by letter, personal call or by phoning 5279 in Amarillo. We are glad of this opportunity of complementing this efficiently operated association upon its successful efforts at giving the community an institution of stability, safety, service and progress.

No one can afford to pass up the opportunity of taking advantage of a service such as the First Federal Savings & Loan Association, at 406 Polk, offers. They are truly community builders and deserve the support of all of our readers.

Miller Radiator Service Noted For Expert Repairing

The Miller Radiator Service located at 813 West 6th in Amarillo, offers the very highest quality radiator service to the public, including the recoring and repairing of heavy duty tractor and truck radiators.

Miller Radiator Service specializes in radiator work instead of conducting it along with a variety of other businesses, and are distributors in this area for the nationally known Harrison and McCord Radiators.

If your car, truck or tractor is overheating it is probably due to a clogged or leaky radiator. Overheating in any of the three can cause considerable trouble at a future date if the trouble is not corrected immediately. This is true in the winter months as well as in the summer when such malfunction may cause a cracked motor block. If you have radiator trouble the Miller Radiator Service can determine the cause and immediately correct the mistake.

Cleaning, repairing and recoring are all very important and highly technical phases of the service rendered by the Miller Radiator Service in Amarillo. Under the capable direction of Mr. Don Miller, the

Plains Implement Company Is Friend To the Farmers

An Amarillo firm that has lent its assistance to the farmers of this section is the Plains Implement Company, under the management of Mr. Tom Gallaher, distributors of the famed line of McCormick-Deering and International Harvester tractors and implements. The Plains Implement Company is an organization that has built its policies of operation around thoroughly progressive business lines.

This company carries a complete line of farm equipment, including a stock of implement parts and features a complete repair service. This service does not end with their customers at completion of the purchase. By this we mean that farmers who purchase their farm equipment from the Plains Implement Company do so with the understanding that at any time they are free to drop in to the display rooms at 620 East 4th in Amarillo, and ask advice as to the usage of their equipment.

This advice is freely given and places the customer under no obligation. All inquiries by mail are also welcome and members of the organization will visit your farm or ranch and explain the many advantages of International Harvester or McCormick-Deering tractors and implements.

International Harvester and McCormick-Deering are recognized leaders which have been proven superior over the years and no better firm could be chosen to handle this famed line. In presenting this article devoted to the interest of the farm industry, we feel that we are privileged to single out the Plains Implement Company, and its manager, Mr. Tom Gallaher, for this public tribute.

owner of the radiator service bearing his name, guaranteed radiator work is satisfactorily done. Don Miller is, in our opinion a well trained radiator expert.

It is a pleasure to refer our readers to the Miller Radiator Service located at 813 West 6th in Amarillo, and wish them many years of success. They are performing a most valuable service to the people of the entire Panhandle.

Senate action in designating Commerce Secretary Charles Sawyer as the man to control wartime allocations and priorities was intended as a rebuff to the President. It is another example of strained relations between the White House and Congress.

Premier Stalin has installed veteran generals in posts in Moscow. British intelligence interprets this move as a means of keeping generals subject to discipline by the Communist Party. Field posts are held by younger, more "politically reliable" officers.

If Stalin is thinking of starting a third world war he might take out a few moments to reflect on what ever happened to the swastika the fasces and the rising sun.

Amarillo Production Credit Assn. Makes Name In Panhandle

One of the institutions that gives stability to the farming and ranching interests of Amarillo and surrounding areas is the Amarillo Production Credit Association now situated in their new quarters at 310 West 6th Street in Amarillo. This modern building is air conditioned and there is always ample parking space.

From the day it first opened its doors to the people in 1933 it has always been under the management of conservative yet progressive business men, of broad and liberal views in the matter of caring for their patron's needs, yet men who have carefully guarded the best interests of their members at all times. This invariable policy has gained for the Amarillo Production Credit Association the greatest confidence of the people of all the surrounding territory. And among its customers you will find the majority of the district's most prominent cattle raisers and farmers.

The Amarillo Production Credit Association was founded 17 years ago, and over that period of time have loaned over 35 million (\$) dollars. Notable is the fact that of this \$35,000,000 there is only \$816.00 that is uncollected.

The Amarillo Production Credit Association, under the capable direction of Mr. S. F. Powers is one of the absolutely essential institutions which makes possible the expansion and growth not only of the individual, but of this entire district.

In making this review of the on-ward progress of the city of Amarillo, we wish to compliment Mr. S. F. Powers and the Amarillo Production Credit Association, also its directors and officers, and direct the attention to our readers to this worthy institution.

President Truman accepted the counsel of political advisers when he appointed a Republican majority on the U. S. delegation to the U. N. Assembly. The presence of Republicans Henry Cabot Lodge, John Foster Dulles and Warren Austin is expected to persuade Americans that foreign policy still is on a bipartisan basis.

Marriner S. Eccles, who was fired as Chairman of the Federal Reserve Board by President Truman is providing leadership in the Board's dispute with the Treasury over credit policies. Eccles gets careful attention from conservatives in Congress who once feared him as a New Dealer.

Keyserling urges \$350,000,000 yearly output for nation.

Furr Food Stores In the Panhandle Are Distinct Asset

The Furr Food Stores primarily represent the idea of economy in distribution. They have saved food purchasers untold thousands of dollars. At the same time they have brought additional benefits to the Panhandle: namely the provision of greater markets and better profits for producers of food products.

Furr Food Stores is an institution with a large capital and able to enter the markets buying everything at first costs, paying cash. Many purchases are being made directly from local farmers. From the central buying and assembling establishment much money is saved in moving the goods to the stores as they have their own trucking system which is highly efficient and a great improvement over the old method of getting a small shipment here and there.

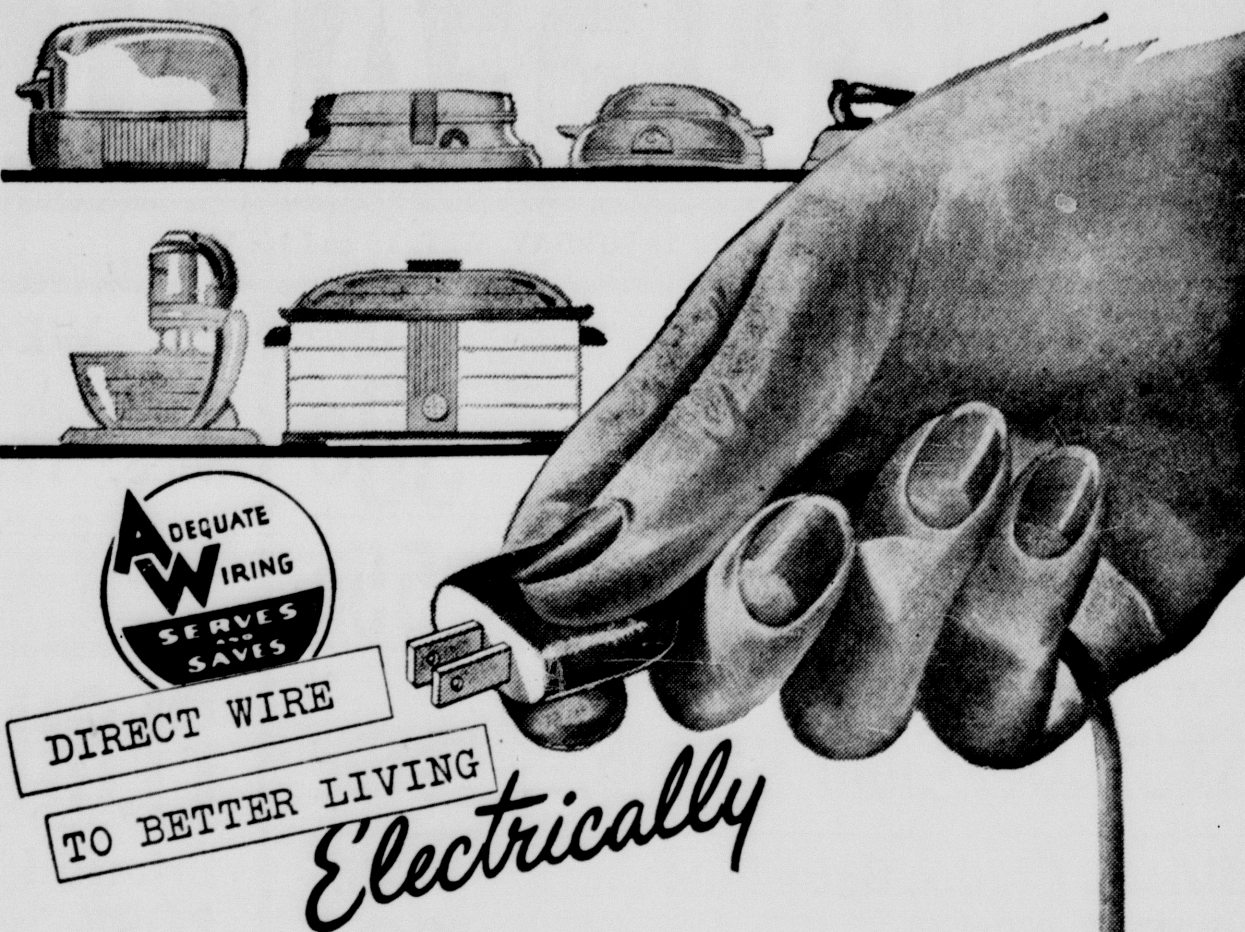

The Furr Food Stores in the Panhandle are all fitted with the very latest fixtures, the most accurate scales, refrigerating devices and everything that makes for the rapid transaction of business when a customer enters. They have a large trade but customers are not subjected to long delays as a large force is kept on duty to see that all are taken care of with courtesy and dispatch.

The Furr Food Stores, established over 45 years ago, have grown from one store to a vast organization covering this entire section, whose services are becoming more and more popular with the public as the progress of time goes marching forward.

The Answers

1. First cost, about \$27 billions.
2. Initial cost of World War II about \$350 billions.
3. 44,550,000 turkeys.
4. 501,679, compared with 517,690 a year before.
5. Russian crabmeat.
6. Burma, Indonesia, VietNam, Philippines, India.
7. Winston Churchill.
8. One year's imprisonment and \$1,000 fine.
9. "Tiny Tim"—It's only 12 inches in diameter and 6 feet long.
10. Light blue background, with a white map of the world encircled in olive branches.

U. S. Army officers, after interrogating North Korean prisoners, doubt that any Soviet Russian officials are with Korean Communist forces below the 38th parallel. These interrogations discount previous reports that Soviet military advisers accompany North Korean troops.

Ever stop to think how many things electricity does around the house . . . all the time and work savers that are yours "for the plugging in" to your home wiring system? Yes, these and new devices that are being developed daily have become such an important part of our everyday living—electrically—but is your home wired to accommodate them?

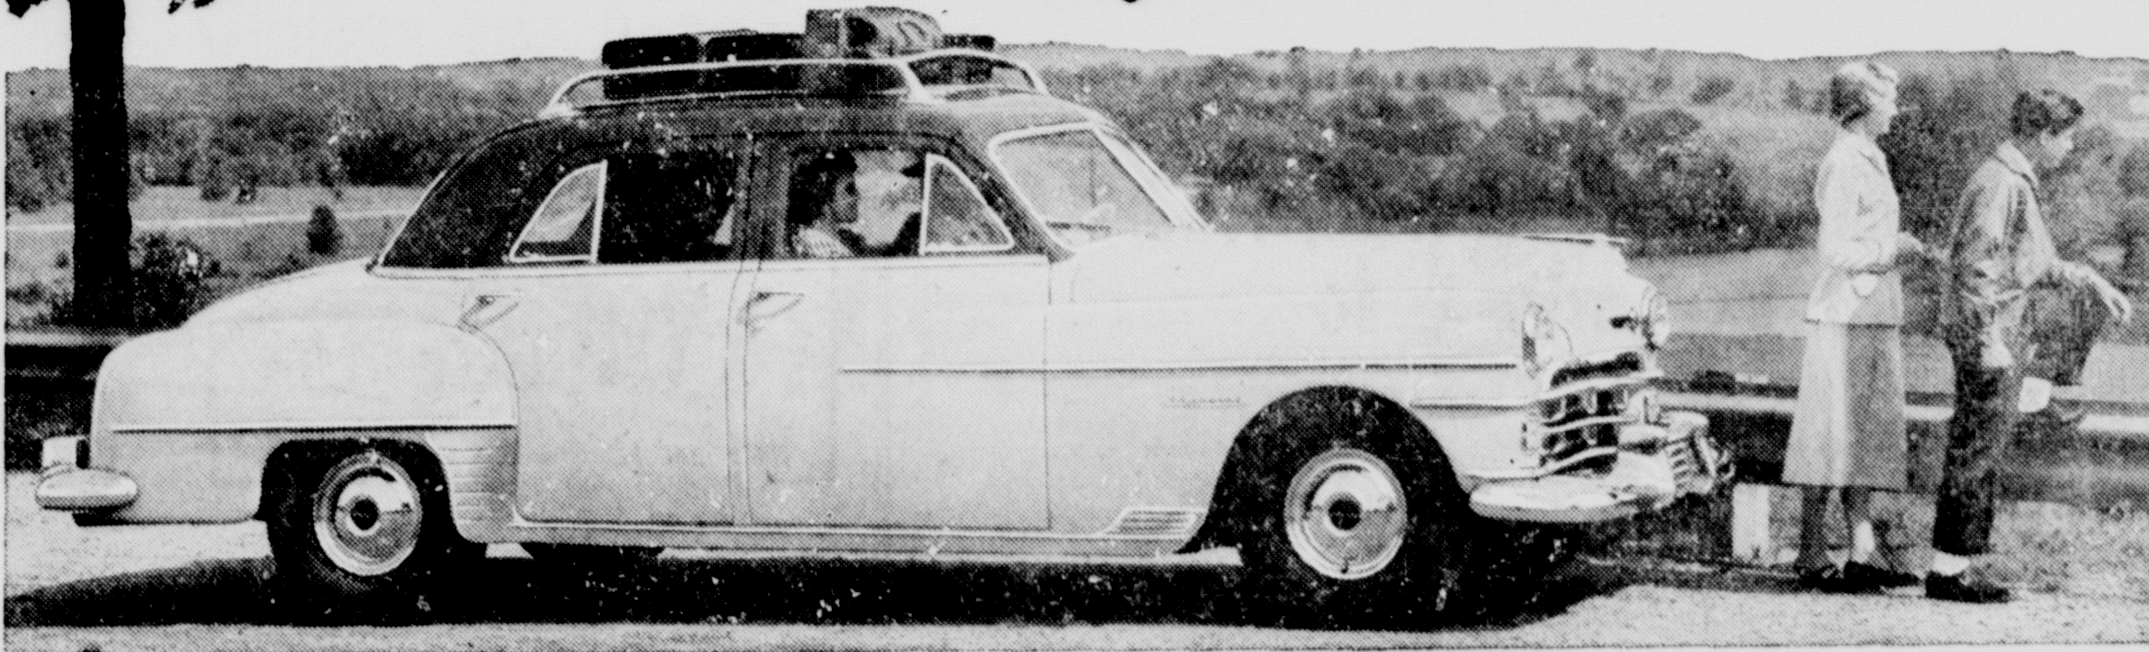

If you are planning to build, or re-model, be sure to provide for Adequate Wiring . . . heavy main service wires . . . sufficient circuits . . . plenty of outlets and switches. Adequate Wiring, planned today, is your assurance of comfort and savings tomorrow. Ask your Public Service representative about better, more economical living—electrically—through Adequate Wiring.

Announcing the Double-Duty CHRYSLER Traveler

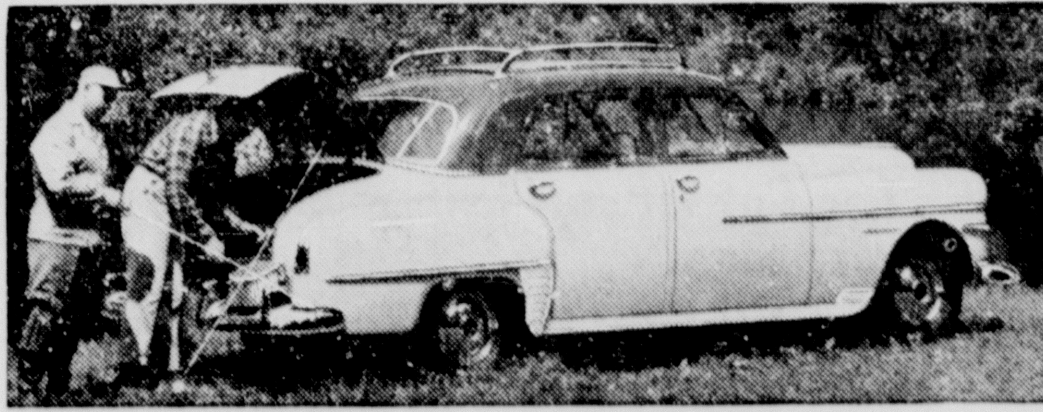

the smart new sedan that converts in seconds into a sports car or cargo carrier.

Twice as useful as any ordinary car! Use it as a beautiful sedan seating six! Or fold down the hinged back seat and cushion . . . and you have a level deck 6½ feet long. You can sleep on it . . . load all your hunting and fishing gear . . . haul farm implements, fence posts—a thousand and one

things no regular car can carry. It's like having two cars in one. Come see how the new Chrysler Traveler makes your dollars do double duty. Take the wheel . . . find out how Chrysler's built-in value all the way through is combined with new utility that beats anything on the road today.

See how the rear seat cushion folds forward against the front seat back, and rear seat back turns down to form flat, level-loading platform. Spare tire can be carried in passenger compartment, or in well at right of luggage compartment.

Counter-balanced trunk lid opens easily, and stays open for easy loading. Sturdy luggage rack on roof adds conveniently to the huge carrying capacity of this car. Upholstery is tough plastic that resembles grained alligator hide.

WARREN'S

HOSTESS FOR BID 'R BYE
IS MRS. BORDEN PRICE

The Bid 'R Bye Bridge Club met Thursday in the home of Mrs. Borden Price. Arrangements of seasonal flowers decorated the entertaining rooms.

High prize was won by Mrs. Robert Bellah, low prize by Mrs. M. D. Shepherd. Favors were plastic hot dish pads.

Refreshments were served to Mrs. Aubrey Crossland, Mrs. Roger Whealy, Mrs. Robert Bellah, Mrs. Hatcher Brown and Mrs. Truitt McGregor, guests and to Mrs. Otis Crowell, Mrs. Perry Bell, Mrs. Cliff Milnar, Mrs. Dan O'Connor, Mrs. M. D. Shepherd, Mrs. Elmer Wooten, Mrs. Charles Wright, and the hostess.

SUNNY HILL H. D. CLUB
MEETS IN CALLED SESSION

On September 6 Mrs. M. R. Miller was hostess to a call meeting of the Sunny Hill Home Demonstration Club. Plans for the tour of the clubs were made. Mrs. R. B. Gist, Jr., was elected speaker for the club. Mrs. Miller gave a council report.

Refreshments were served to Mesdames Everett Culp, Mary Williams, D. L. Allison, Loyd Pruittsman, R. B. Gist, Jr., Mrs. Orva Henry, Clinton Miller, guest, and the hostess.

The next meeting will be on Oct. 13 with Mrs. D. L. Allison.

GI SCHOOL ABUSE

A special House committee has been appointed to conduct a full-scale inquiry into abuses in the education program of the Veterans Administration. A report issued in January by Gen. Carl R. Gray Jr., veterans administrator, listed more than 200 schools in which irregularities had occurred.

Jerome Robbins, prize-winning choreographer for "Miss Liberty," tells of a friend who told a psychiatrist he saw a two-headed giant.

The psychiatrist said he could cure him for \$5,000; the man could not afford it. "Then I suggest you go home," said the psychiatrist, "and make friends with them."

Two breezy Westerners who visited Wall Street in search of funds for mine developments, were introduced to a shrewd financier. "Suspicious old chap, isn't he?" remarked one, when they had left him.

"I didn't notice. How was that?" "Didn't you see how he counted his fingers after I had shaken hands with him?"

Two grizzled "ridge runners" from the hills stopped on a street in town to exchange the time of day. "How's things at home?" — enquired one. "Well," replied the other, "the old woman ain't talkin' to me this mornin' and I ain't in a mood to interrupt her."

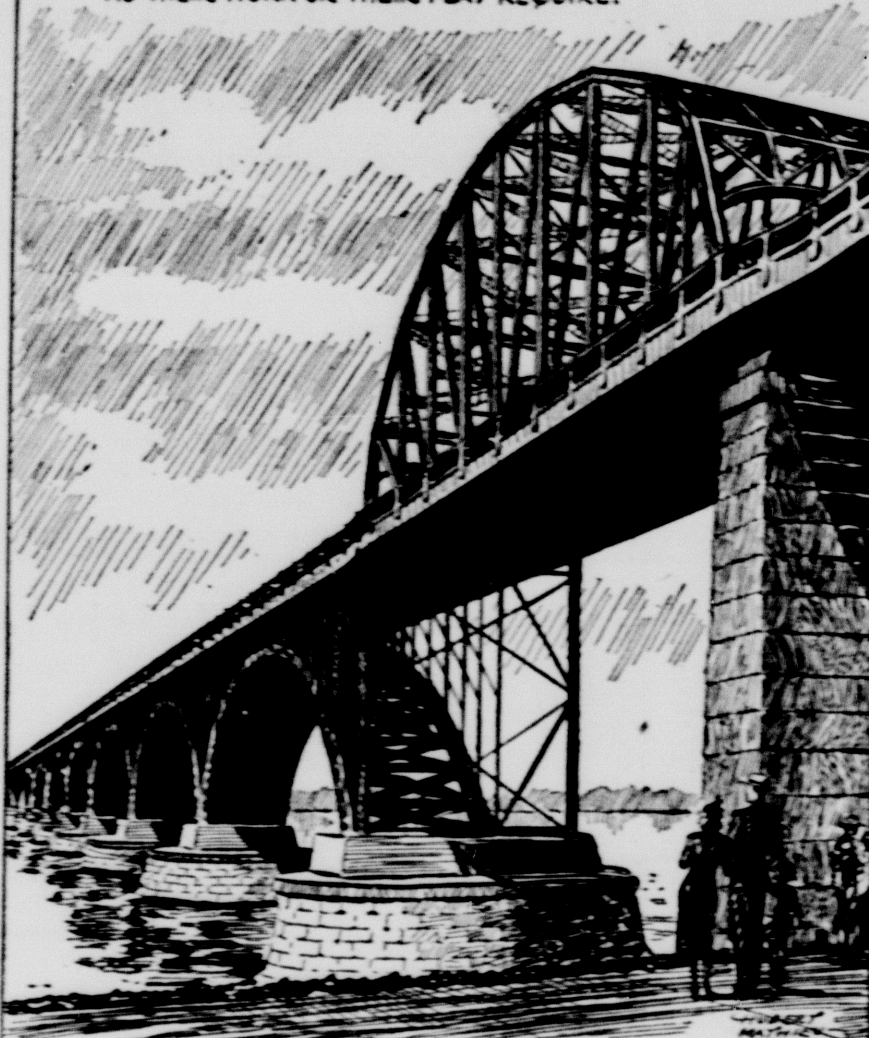

EASIER

A Supreme Court decision upholding the conviction of eleven Communist leaders does not outlaw their party, but it will make it easier for other Red bigwigs to keep their mouths shut.

UMT DELAYED

Most legislators agree that consideration of universal military training has been deferred until January because of the opinion held by President Truman that he sees no need for immediate action.

Gossiping and lying go together. — Thomas Fuller.

OUR DEMOCRACY—by Mat
BRIDGING THE BORDERACROSS THIS BRIDGE THE FREE CITIZENS OF TWO

THE PEACE BRIDGE—OVER THE NIAGARA RIVER AT BUFFALO, N.Y.—IS A TIE BETWEEN TWO PEOPLES WHOSE WAYS AND INTERESTS MAY DIFFER, BUT WHO LIVE IN HARMONY BECAUSE THEIR CONCEPTS OF DEMOCRACY ARE THE SAME.

Stalin Knows
What America Is
Able Production

Possibly one good reason for hesitancy of Russia's part to attack this country directly is the unquestionable certainty that the Kremlin knows the extent of American industrial capacity far better than the average American. Following are reports of leaders in key industries:

Steel: "Today we have more capacity than all the rest of the world put together. Since the last war started, we have built as much new steel capacity as existed in Germany when that war began. This excess capacity is sufficient to meet the present demand." Clarence B. Randall, president of Inland Steel Co.

Rubber: "Today we have not one but two raw materials—natural and synthetic rubber. Before World War II we could turn 85,000 tons of rubber into finished products each month. Now we can process 110,000 tons a month. Before World War II our industry had about 150,000 employees. Today, we have over 200,000." Harry E. Humphreys, Jr., president of United States Rubber Co.

Oil: "There is no need for rationing, even if military demand expands substantially from present levels. Since the end of the last war, the petroleum industry has increased its capacity by more than 25 per cent." Dr. Robert E. Wilson, chairman of the board of the Standard Oil Co. (Indiana).

Electric Power: "Right now the electric utility industry has one-third more generating capacity than at the end of the last war, and by the end of 1953 will have three-quarters more." Louis V. Sutton.

president of the Carolina Power & Light Co.

Textiles: "With cotton and synthetic-fibre textile production far ahead of last year, there will be plenty of clothing available in the coming months. Total output of broad woven goods made of cotton is expected to exceed last year's production by 1,500,000,000 square yards." Donald Comer, chairman of the board of Avondale Mills.

Machine Tools: "The industry has far larger capacity than at the start of the second war and could be expanded to meet twice the present demand." Charles J. Stilwell, president of Warner & Swasey Co.

Food: "There is absolutely no reason for panic buying of foods. We have a more abundant supply on hand than ever before." Morris Sayre, president of the Corn Products Refining Co.

In response to queries of officials charged with the task of insuring the nation's security, American industry has virtually said to the government, "Tell us what you want—we can fill the order."

There was a riot in a small Texas town, and some of the excited residents telegraphed the governor to send the Texas Rangers to put down the disturbance. The committee awaiting the arrival of the Rangers was astonished when one lone tall, husky young man stepped off the train.

"What, just one Ranger?" the flabbergasted sheriff asked.

"Well," drawled the young man, "there ain't but one riot, is there?"

A tramp called at a home and asked for food.

Housewife: "And how would you like a nice chop?"

Tramp: "That all depends, lady. Is it lamb, pork or wood?"

Austin Pardue, Episcopal bishop: "If the church believes that war is justifiable, she should plead for full preparations at all times."

Warwick's

I. R. Brummett Serves Stock Feeders Well

Serving the feeders of live stock in the Panhandle is I. R. Brummett located in the Amarillo Hotel. The Panhandle has been known the country over for its ranches and livestock production and buyers of stockers and feeders have always found the services of I. R. Brummett most reliable and they appreciate his open and above-board business policies. Reliability and fair prices are the two most valuable assets that a cattle dealer can have and these are the two main reasons, coupled with a most friendly attitude and a willingness to always give his customers the benefit of his many years experience in the business, that has made I. R. Brummett such a popular factor among the cattlemen of the Panhandle.

The true value of a citizen is not gauged by his personal success but rather by the manner in which he shares that success by his contributions to the community in which he lives. A community grows and flourishes according to the number of public spirited men and women composing its population.

Mr. Brummett is one of those men who is giving much toward the development of the area and has turned his personal success in the business field to the advantage of the people as a whole. He has accomplished much toward making this area a better place in which to live.

We compliment Mr. Brummett in this review and wish to offer him this small evidence of our esteem.

Graham-Hoeme Plow Co. Has Enviably Reputation

Amarillo has assumed its present position of prominence in the affairs of the country because of the splendid commercial enterprises which make their headquarters there. The Graham-Hoeme Plow Co., Inc. is one of those more substantial companies which has added very materially in the building of this community. This firm has been in business for some time, and over that period of time has made many thousands of friends in this section. The management of the Graham-Hoeme Plow Co., Inc. has built a business on a policy of strictest adherence to rigid business principles. The firm has placed more value on the friendship of its customers than on their money, and the result has been a feeling of confidence which the company carefully fosters.

Mr. W. T. Graham, Pres., is the man responsible for the fine reputation which the organization enjoys in this section. He is the man who takes his civic responsibilities in a very serious manner, and he may be depended upon to lend his time and energy to the support of any project which promises to benefit the community as a whole. We congratulate Mr. Graham and the Graham-Hoeme Plow Co. on their splendid reputation and hope that they will continue to succeed and to serve the people of this area as they have in the past.

Dewey Changes His Mind and Will Run For New York Head

Thomas E. Dewey has decided to run for Governor of New York for a third term. He had announced a few months ago that he would retire from politics at the end of this term.

His announcement leads to the speculation that he will be willing to make a third trial for the presidency on the Republican ticket in 1952.

REFUNDING

In possibly one of the biggest refunding operations in the history of the Treasury Department, Secretary Snyder has announced a big new offering of Treasury notes. Two series of 1 1/2 per cent thirteen-month Treasury notes will be offered in exchange for four series of maturing securities, totaling \$13,570,000,000.

BY A STRANGE COINCIDENCE

The forecast was for showers and thunderstorms, so attendants at Pittsburgh's South Park were surprised when a group of picnickers showed up as scheduled. They were the district weather observers and their wives. It didn't rain.

The Capitol Hotel Gains Recognition Of All Travelers

In the conversation of travelers certain hotels mentioned stand out as the ones from which the best of modern service can be received. By this means, as well as others, certainly the Capitol Hotel, at 4th and Pierce in Amarillo, ranks as one of those to whom all the people turn when they are away from home. You are greeted with a smile and in a friendly, helpful way you are given the best of service.

The Capitol Hotel is replete with all modern accessories and provided with every requisite for the most exacting guest. Immediately upon entering the lobby there is a spirit of real hospitality and a home-like atmosphere of comfort and content.

The Capitol Hotel is a quiet, dignified hotel which appeals to people of refinement. Just a few steps from the business, social and shopping centers it has established a new standard of hotel comfort and luxury heretofore unknown in local commercial circles. Quietly, unobtrusively, considerately, you are served by a family of employees working harmoniously together under the direction of Mr. Fenton Caylor, the manager, who is responsible for the splendid fashion in which the Capitol Hotel operates today.

If there were a few more hotels such as the Capitol Hotel in Amarillo, traveling from place to place would be more agreeable.

Portable Radios Are Being Barred From Many Ball Games

A ban is being raised on the use of portable radios at football games in many universities.

It is the practice of many fans to carry a portable to the game they are attending, and then tune in on the game in which they are interested at some distant point. As a result there is a constant blast over the air from various sections of stadiums, which greatly distracts from interest in the game being witnessed.

So far no ban has been taken locally against portables.

DRAFT CALL

With the end of the Korean conflict not yet in sight and an increase in American troop strength in Germany under consideration, a call for more than 50,000 draftees in November is expected to be the Army's next major step in its buildup of manpower. The expected November call, like the current program to give the Army 100,000 inductees by the end of October, would affect men between 18 and 26, picked by local draft boards.

David Sarnoff, official, Radio Corporation of America: "It is within the range of possibility that the public will watch action on battlefields while sitting at home in front of television sets."

THREE LITTLE WORDS

"What does the bride think when she walks into the church?"
"Aisle, Altar, Hymn."

Pinkney Packing Company Known For Top Quality Meats

Providing an essential service for the community, the Pinkney Packing Co., at 2900 E. 3rd. in Amarillo needs no introduction to our readers. With a background of wide experience in the meat packing business and a thorough knowledge of every phase and intricacy of this trade they are enjoying a steady increase in business activity.

The management is vested in men who are old hands at the skilled art of selecting prime meats at opportune market conditions. Their buying power extends to cover an area sufficient to assure their patrons a steady supply of the best in all types of meats.

The consistent growth that the Pinkney Packing Co. has experienced is traceable to several factors. First, every effort is made to provide their customers of the ever-courteous, considerate and fair treatment that engenders goodwill and adds to their ever expanding list of satisfied markets, stores and restaurants for their famous Sun Ray brand of packing house products.

From the first day the meat is brought in to the day it is distributed to the customer, the most modern handling equipment is employed. Methods of sanitation are used which have given them a good position with the inspection authorities. It is little wonder then that they are so well-founded in this area.

In this review of the business progress of the Panhandle we are pleased to point out the consistently good service that the Pinkney Packing Co. is rendering. We can thank them in a large measure for the fine quality meats that the Panhandle has always enjoyed.

AS BAD AS WAR

Minnesota surgeon is considering the possibility of removing human vanity by means of an operation. Removal of big heads would be a boom to society, but it would result in too much slaughter.

Averell Harriman, foreign-policy adviser to the President, apparently failed to get General Douglas MacArthur to see eye to eye with the Administration on Asiatic policy. The General's statement on Formosa came two weeks after Mr. Harriman visited Tokyo to explain official policy.

Soviet Delegate Jacob A. Malik is expected to resume his boycott of U. N. Security Council meetings after his term as president ends in September. Other Council members are convinced that Malik seeks only a propaganda platform in the Council.

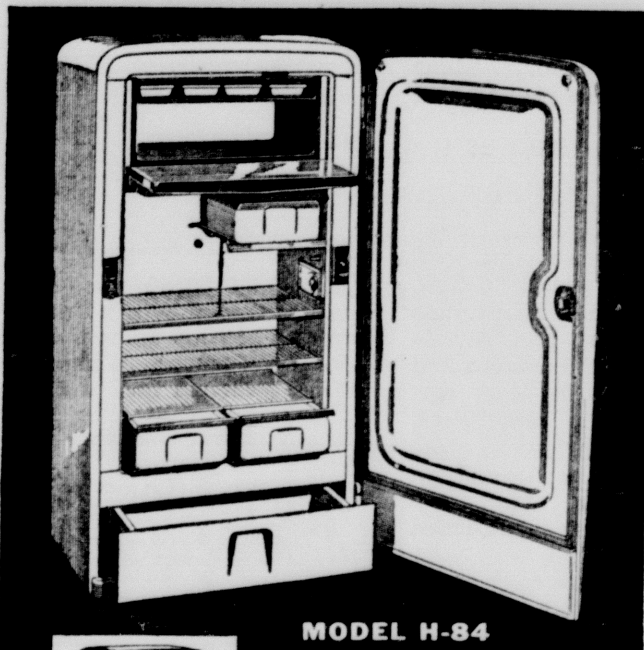

Philip C. Jessup, U. S. Ambassador-at-Large: "Dropping atomic bombs on the Soviet Union is not the way America does things."

Nathaniel Goldstein, Attorney-General, New York: "Modern war comes fast and without formal announcement."

Walton H. Walker, Commander of U. N. Ground Forces in Korea: "This is no time for complacency, the enemy still has the superiority."

S. L. Cook Excels In Wheel Alignment & Brake Service

Operators of trucks and automobiles all have learned that there is certainly no substitute for experience in the repairing and servicing of motor vehicles. The "shade tree mechanic" and the inexperienced jack-of-all-trades around the filling station has neither the experience or equipment to render a good job. Many have found that it is real economy to take their wheel aligning and brake work to S. L. Cook, located at 409 W. 6th in Amarillo who specializes in the relining, drum turning and adjusting of brakes. S. L. Cook uses Bonded Brake Lining, with no rivets, also riveted lining, and every job is thoroughly inspected and tested before delivery. He also specializes in wheel aligning and balancing.

S. L. Cook's shop has been completely equipped with the very latest modern equipment to render the best of service in brake work and wheel balancing and aligning. The mechanics are thoroughly trained and the work is supervised by Mr. Cook. Many of the larger companies and operators of fleets depend entirely upon the services of S. L. Cook for their work in his line, knowing that he will give them not only the very best expert service but that his charges are always reasonable.

We all know that the car or truck that is operated with poor brakes is the greatest safety hazard on our streets and highways and that

causes more accidents. The wise motorist has his brakes and wheel alignment checked periodically to not only prevent accidents but to lengthen the life of his car. We suggest to our readers that they go to S. L. Cook, 409 W. 6th in Amarillo and have their car checked for faulty brakes and wheel alignment. You will be pleased with the efficient and courteous service.

FLORENCE ALEXANDER IS HONOREE AT BHDAL SHOWER

On September 5 Miss Florence Alexander, bride-elect of Clifford Burtz, was complimented with a miscellaneous shower in the home of Mrs. John Jennings. Hostesses were Mesdames M. B. Brown, Lee Bailey, Albert Meyer, Jim Bible, J. W. Spencer, Edgar Robinson, A. B. Haynes, Jr., and John Jennings.

Guests were greeted by Mrs. Jennings, Mrs. Earl Brutz, mother of the groom, and the honoree. Their corsages were of yellow gladioli tied with blue ribbon.

Mrs. Lee Bailey presided at the guest book.

A blue and yellow color scheme was carried out in the dining room. The serving table was centered with an arrangement of yellow dahlias, blue carnations and blue baby mums in a large crystal bowl. Lighted yellow tapers in crystal candelabra tied with blue satin ribbon bows and streamers flanked the centerpiece. Golden punch, individual white cakes decorated in blue and yellow, mints and nuts were served.

Approximately 110 guests attended or sent gifts.

Asians suggest to West that more economic aid is needed.

WARY WARRIORS—American GI's in South Korea dropped this enemy sniper with a hail of bullets but took no chances as they approached his motionless form. The North Koreans, like the sly Japanese, have been known to play dead, and these Americans are making certain they will not be shot when they turn their backs.

Tommy Thomas Has Indian Motorcycle Agency In Amarillo

For the latest models in Indian Motorcycles, we suggest you see Tommy Thomas, Manager, of the Indian Company in Amarillo, at 409 Fillmore. Here you will find new and used motorcycles and parts for your old machine. They also buy used motorcycles and very often can offer you an unusual price.

The Indian motorcycle's popularity has widened throughout the nation in recent years and more people are riding Indian motorcycles than ever before. Due to the many advantages of this machine, we can feel free to say it is the best buy on the market today. Indian motorcycles give you more miles per dollar spent than any other popular brand, and can truly be classed as "The World's Finest Motorcycle."

The Indian Company in Amarillo will service your old motorcycle and replace worn parts for very little money. They believe in "pleasing the customer" and in doing so they offer many advantages in their services that are unequalled elsewhere. Stop in and see Tommy Thomas on your next visit to Amarillo. We're sure you will be satisfied with his values.

In addition to being your local representative for the Whizzer Motor Bike and Powell Motor Scooter, Tommy Thomas is now featuring the Indian Warrior. This machine gets over 80 miles to a gallon of gasoline and is fast becoming known as the world's most modern motorcycle. Also available at the present time is the 80 cubic inch CHIEF with new 1951 Blackhawk engine.

Tommy Thomas is to be commended for the comprehensive stock he is carrying. He has a very extensive line of sporting goods, fishing tackle, Johnson Outboard Motors, and Aluminum boats, in fact everything for the sportsman.

HIS LAST HOPE

While doing a bit of shopping Mrs. Jones thought she'd take hubby a little present. The assistant at the men's counter, tried to be helpful. "What about a tie, madam?" he said.

"No; he has a beard."
"A pullover, then?"
"No; it's a long beard."
"I see, madam," said the salesman wearily. "Do you think a pair of spats would show?"

Chester W. Nimitz, Admiral, U. S. N. retired: "The popular idea that the North Koreans have a tenth-rate army is ridiculous. This is definitely the first team our boys are up against."

Brooke Claxton, Canadian Defense Minister: "The Russians have aircraft of the B-29 type, capable of delivering atomic or conventional bombs and we believe that they have atomic weapons."

Hoffman says E. C. A. should administer loan to Spain.

Transportation Is Big Factor With the Schools of Texas

Texans are now taking good care of their million and a half school children including the transporting of 320,000 of them 55,550,365 miles during the last school year, the Texas State Teachers association pointed out Monday.

Nearly 6,000 public school buses carried the children to and from their homes during the 175 school days last school term a distance equal to 2,222 trips around the world at the equator. The daily travel was 317,431 miles.

State school funds provided for transportation averaged a little more than \$30 per pupil for the year, or a total of \$10,346,175. Only children living two or more miles from their school are provided transportation.

A total of 25,212 more pupils were carried by school buses during the last scholastic year than during the 1948-49 term. The increase was partly due to the consolidation of more school districts and more districts qualifying for state aid, but most of it was caused by increased enrollment. Nearly 5 per cent more children were in the public schools last year than in 1948-49. Transportation increased only 6 per cent. The nearly 6,000 buses in use throughout the state are valued at \$17,492,869, according to a survey recently completed by L. H. Griffin, state school director of administration services.

His survey also disclosed that one-fourth of the school buses should be replaced with new ones. School buses are expected to give satisfactory, economical and safe service for five years.

More than five per cent of the buses in use are ten or more years old. Another three per cent are nine years old and 17 per cent of the vehicles have been in service from six to eight years.

School buses traveled 126,218 miles daily over dirt roads and the remainder 191,213 miles on paved or gravel thoroughfares.

CIGARETTES

While the cigarette-smoking public will spend an extra \$125,000,000 in this fiscal year, as a result of the penny-a-pack boost announced in July, the nation's smokers consumed a total of 335,000,000,000 cigarettes in the year ended June 30—a new record, being some 3,000,000,000 more than in the previous year. A total of 5,500,000,000 cigars were smoked, a little more than three per cent fewer than in each of the preceding years.

MODERN READING

"What are you reading, daughter?"

"A novel, father, entitled 'The Lovelorn Lovers.'"

"Umph! The usual modern rubbish, I suppose?"

"It's a book you presented to mother years ago."

Government to buy lumber for the armed forces by auction.

Fairview Breezes

We have been having a lot of rain the past two weeks.

Jodie Gazzaway has entered nurses training at St. Anthony's in Amarillo.

Anna Belle and Fayerene Schaeffer visited in the parental E. W. Schaeffer home Saturday night and Sunday.

Bro. Jack Jetter was ordained for ministerial work in the Baptist Church at Fairview Sunday afternoon. A number of pastors and deacons from other churches assisted in the services.

Friends of Mr. and Mrs. Frank Rogers surprised them with a party Saturday evening. Watermelon was served to the guests.

The J. W. and G. E. Wesleys, Grandmother Evans, Misses Vesta and LaVena Amerson, and Donald Lee Whitson report a very enjoyable trip to California where they attended the Golden Wedding celebration of Mr. and Mrs. T. H. Wann, September 2.

Mr. and Mrs. Junior Lowery visited Grandmother Evans Saturday night.

E. H. Wilson has come back to make his home on his farm.

Mr. and Mrs. H. H. Shipman and children attended the Shipman reunion at Seymour the past weekend.

Ronnie and Charlene Wesley are ill.

Jodie Gazzaway visited her mother Saturday night.

Demand Noted For Amarillo Secretarial School Graduates

Business men with whom we have talked in recent months have expressed the opinion that there are many openings to good positions to be found for young men and women with business, accounting, shorthand, secretarial, Comptometer or Dictaphone training. This leads us to the conclusion that it is in order to recommend one of these schools to our readers.

The Amarillo Secretarial School, 800 Jefferson in Amarillo, is an educational institution that is qualified to offer courses in business work. This school is beyond the average in the careful preparation given each student. Individual attention given by Mrs. Bess Orr Foringer, the competent manager, to each student as well as full cooperation and supervision given by the highly qualified instructional staff, assures each student that their course is complete and none are graduated until she or he has thoroughly mastered every detail of the course of instructions and put in full practice time.

Business leaders and employers throughout Texas realize the fine preparation and unusual capability of Amarillo Secretarial School graduates and as a result there are usually ample openings available for those completing their training.

Of additional interest to our readers is the fact that this school is approved for disabled veteran training under the G. I. Bill 16 and returned veterans under public law 346 and offers a schedule so that students may take a course of learning while holding down a part or full-time job.

We strongly urge our readers, particularly the younger ones, to investigate the possibilities of enrollment at their earliest convenience. Additional information may be obtained, without obligation, by calling at Amarillo Secretarial School at 800 Jefferson or dropping them a post-card. You will find Mrs. Foringer most willing to give complete and helpful information.

Asa Pittman, collector of live snakes: "People just don't take enough interest in snakes."

Mr. and Mrs. John Bedenk and Mr. and Mrs. George Lieklus were dinner guests in the home of Mr. and Mrs. Joe Wieck.

Leo Raef visited Sunday with Lewie Raef.

Lorene and Etta Wilhelm of Nazareth visited in the Matt Albracht home Sunday afternoon.

Exchanging visitors were: Helen Raef with Bernice Grabber, A. G. Hollenstein with Joe Albracht, Evelyn Hoffman with Margaret Westhoff, Phyllis Friemel with Anita Fischbacher, Linda Vorwald with Marie Koch, Larry Wieck with Melvin Vorwald, William Wieck with Ed Grabber.

UMT COSTS

The Defense Department estimates that a full-scale universal military training program could provide a pool of 5,000,000 trained young men between 18 and 26 years of age, at an annual cost—if all those trained continued in the National Guard, naval reserves or similar units—as much as \$5,000,000,000 a year. Defense officials believe that the UMT program probably must start on a small scale—perhaps 100,000, or less youths—and then build up gradually over a period of about three years to the estimated 1,000,000 young men who reach 18 each year.

Amarillo Plains Body Works Boon To Car Owners

The Amarillo Plains Body Works, located at 812 Buchanan in Amarillo for over a quarter of a century, are experts in body and fender repairs and if you are unfortunate enough to get in an accident you will find that by their expert work they can remove all memories of the accident and turn your car out looking like new.

In 1948 they installed a new \$10,000 auto painting system which is the most modern between Oklahoma City and Los Angeles. With this system they are able to turn out a factory duplicate paint job due to the fact that the paint is oven-baked at 180 degrees for positive control. They have factory trained spray painters, and with the assembly line system used, can give uniform, one day service for any make or model of car at a very reasonable price.

You have 3,500 colors to choose from—and you are invited to inspect their 8,000 sq. ft. plant which is equipped with ultra-modern factory equipment. In addition all workmanship is unconditionally guaranteed for one year.

Their experience has taken them through every feature of the auto body repair and paint trade. You can rest assured that when Earl Williams, "Jap" Cupp or Gene Williams the managers, put an O. K. on your job you have one that is satisfactory in every respect.

This writer who has had the pleasure of inspecting this most modern shop desires to refer the Amarillo Plains Body Works, at 812 Buchanan, in Amarillo, to all people

of this section and ask them to call 2-6557 for specifications and estimates on contemplated work. Featuring tailor made seat covers, service and repair of axles, wheels, frames, welding and spring work. You will find them courteous, accommodating and highly efficient.

Children and grandchildren visited in the home of Mrs. J. F. Doss recently for a family reunion. Those present were Mr. and Mrs. Roy Doss and son, Mr. and Mrs. Bobby Doss of Childress; Mr. and Mrs. Don L. Evens of Beaumont; Mr. and Mrs. Allen Aekins of San Antonio; Mr. and Mrs. Walter Jones of Jonesboro; Mr. and Mrs. Chris Doss, Mr. and Mrs. Herman Doss of Dallas; Mrs. Charles R. Harvey of Miami, Florida; Mrs. Bob Clemmons and Mrs. Evelyn Thompson, Bobby and Jimmie of Gatesville.

Mr. and Mrs. A. F. Randall of Albuquerque, New Mexico, visited in the homes of Mr. and Mrs. E. Gidden and Mrs. Mamie Butler last week. Mrs. Randall, Mrs. Butler, and Mr. Gidden are cousins.

Mr. and Mrs. Thomas Harold Thompson will return to Austin Thursday after spending a week in the parental C. L. Thompson and L. C. Moreman homes.

Mrs. Lida Shepherd of Austin is visiting in the home of her children, Mr. and Mrs. Glenn Dowlen and Mr. and Mrs. M. D. Shepherd.

Visitors in the M. D. Shepherd home are Mrs. Shepherd's sister Mrs. C. M. Mayer and daughter Pat of San Diego.

Mr. and Mrs. Dan Sanders and Richard visited Mr. and Mrs. Tom Knighton, Jr., in Olton Sunday.

Wish I had that figure... she looks lovely!

Wouldn't you feel wonderful if you could reduce and have people admire your figure? Now you can lose 8-10 pounds on a marvelous reducing diet, often without feeling excessive hunger pangs, without strenuous exercise, without dangerous drugs. Simply follow the sensible new Kessamin Plan that promises you a firmer, more fashionable figure—or your money back!

KESSAMIN

Tablets help you two ways

Kessamin is an amazing supplementary food-concentrate in easy-to-take tablet form that:

1. Helps curb your appetite so that you can go on a reducing diet.
2. Helps guard you from dietary deficiencies by providing concentrated proteins, vitamins and minerals.

Start today, Reduce this easy way

Try Kessamin on an 8-day no-risk trial. Your money refunded if not entirely satisfied. At all better drug stores. Ask for FREE booklet on Kessamin Plan and 7-Day Diet. (Not for glandular obesity.) Made by McKesson & Robbins, Inc.

Need Men, But Not Getting Aid From Our Allies

Walter Lippman recently made a point of the highest importance. It is simply that this is the first war in which we have ever engaged where we were heavily outnumbered by our potential enemies. In all past conflicts, the great weight of manpower was on our side, and our basic problem was to organize and equip for battle.

It is true, of course, that we have many allies, active and potential. But it is also true that most of them will not or cannot contribute

much in the way of either men or materials to the present fight. The Western European countries are weak and frightened, and they are honeycombed with belligerent communists within. A really effective Western military organization exists only on paper, at best, it is years away.

What is the solution? There are many diverse answers—one being, if we still have the time, to build up our allies and ourselves, to meet force with force. It is generally believed that Russia respects nothing except force, and that nothing else is of any value or substance. That view may be correct—and if it is correct the world has little to look forward to, war or no war, save a long period in which more and more of our energies and resources and labor must be given to insatiable military machines.

But there are those who believe that, much as force is needed, there are other weapons and that force alone is not enough. Norman Thomas, who has been an implacable foe of communism for many years, is one of them. In an article in the New York Times magazine he writes of the enormous success communism has had in winning recruits to its side. He says, "Within the confines of the U.S.S.R. Stalin has far more manpower than the United States. But he has not had to invest the lives of his own troops to win any of communism's victories since V-J day. The 'fanatical hordes' of North Koreans of which we read...were...heretofore regarded as a peaceful folk, who offered little effective resistance to Japanese conquest...It is certain that neither in Korea nor elsewhere in Asia has our conception of democracy or the idea of peace under law represented by the U.N. made any such progress as communism has made in winning the devotion of the masses."

Mr. Thomas goes on to consider communist techniques in the field of propaganda, and to describe some of the misconceptions that are felt about us in important circles abroad. Then he writes: "The best answer to these misconceptions is the propaganda of the deed; a steady and relentless effort to put our own house in order. But it is immediately legitimate and important to do a better job than we have done in presenting concretely facts about poverty in Russia, her complete lack of freedom, the extent and significance of Russian slave camps, the terrible thralldom in which the Politburo holds science and art and religion, and the exploitation of the satellite states by the Kremlin."

There are great difficulties here—every man has a different idea of what should be done to "put our own house in order." But it is certainly true that we must do a far better job than we have yet done in the war of ideas if we are to win real converts to our side and our cause.

TAXES

The prospect of increased taxes is that income and corporation taxes will go up at least ten percent and that the increase is likely to be permanent.

DOLLAR

The pre-war dollar, according to statisticians, had a purchasing power of sixty cents but may drop to fifty-five cents under the impact of present cost of living increases.

Harbans Kaur Indarjit, female doctor of India: "We expect too much of man and woman."

Brooklyn Indian Scares Housewife With Scalping Knife

NEW YORK—A resident of a Brooklyn apartment house told the Flatbush court an Indian working as an elevator operator in the building has some rights, but she doesn't believe they include wearing a "scalping knife" and hanging a modified war club in his elevator.

Mrs. George Hagopian, one of the 12 tenants in the building, said that it had taken a little time to get used to Chief Reindeer, otherwise known as "Joe" when he went to work as superintendent and elevator operator—not that his strangeness was entirely distasteful.

She thought his custom of wearing his hair in a braid was novel and when he occasionally stuck a gay feather into his coiffure, it lent a romantic touch that brightened all of Flatbush.

However, she said the elevator service was poor. You could "ring and ring" before the car came and it did not do much good to complain. Once, she added, when she did complain, Chief Reindeer replied: "This is my country, you leave."

Mrs. Hagopian reminded him of a real estate transaction involving Manhattan island and \$24 worth of trinkets. Neither was calm enough at the time to speculate on how Brooklyn was included in the parcel. In any event, the Indian directed her attention to a knife in his belt, which terminated the argument, she said.

Mrs. Hagopian said that she was afraid of being scalped. She said that other tenants had been insulted and that several had signed a petition to the landlord for the chief's removal.

The building's owner was advised to keep the chief under wraps.

Black Eyed Peas Confuse New Bean Sorting Machine

WASHINGTON — The government has developed a bean sorting machine in which a television tube "eye" picks the bad from the good.

The machine can scan 3,780 beans a minute, and eject any that does not conform to a normal color pattern. Some 100 are being used at the Chester B. Brown plant at Gering, Neb.

They can be adjusted to sort beans of any color, even pinto, it is reported, but the so-called black eyed pea (experts call it a bean, too) has the TV eye stumped. It can't tell the difference between a bad pea's discoloration and the distinctive black eye on a good one. It's another mystery that science has not explained yet.

Wisconsin Town Loses Tax Revenue Over Technicality

WAUSAU, WIS. — Sam Nigar has the town in an uproar. And it is through no particular fault of his own.

Sam's property sits astride the city limits. His barn is in the city of Wausau and his house is in the county of Wausau. Last year he asked the Wisconsin Fuel & Light company to hook him up to the gas mains. It meant a 300-foot extension of the mains, but the company obligingly made the connection.

Sam's gas hookup has had far reaching results. Previously the company serving only city customers, had been classified as a private utility and paid its taxes directly to the city. When the company first started serving Sam, outside the city limits, it became a public utility. From now on it will pay its taxes to the state, the department of taxation has ruled.

That's good for the gas company but bad for the city. Last year the company paid \$14,900 in taxes on a city tax rate of \$36 per \$1,000 valuation. This year the company will have to pay only \$11,205 in taxes, because the state rate is 27 per \$1,000 valuation. Of this tax money collected by the state, the city will get half, or \$5,600.

Wausau officials, aggrieved at the prospect of an annual \$9,340 revenue loss, are reported to be toying with the idea of "annexing" Sam Nigar's house.

300-Mile Tunnel Planned To Drain Huge Coal Field

WASHINGTON — A 300-mile-long twin bore tunnel to open vast hard coal reserves now under water in central Pennsylvania is being planned by the bureau of mines.

S. A. Ash, chief of the bureau's safety branch, said the tunnel—the longest of its kind—should be constructed from the central Pennsylvania coal field to Tidewater near Havre de Grace, Md.

The project would cost from 300 to 500 million dollars, Ash said, but would have a double barreled purpose. While opening new anthracite reserves in an area now producing more than 500 million dollars worth of coal a year, it also would carry 600,000 gallon of water a minute through a heavily populated industrial area which is frequently threatened with water shortages.

This water would provide a new source of electric power to supplement supplies in an industrial area roughly from Jersey City to Baltimore, Ash said. He added that the drainage would double the remaining life of the Pennsylvania anthracite field.

Philippines fear Red tactics of bribery and infiltration.

Royalties From Play Finances London Hospital

LONDON, England—Sir James Barrie, the playwright, loved children so much he gave all the earnings from his fairy tale Peter Pan to a children's hospital in his home town. When he died he made the royalties a perpetual bequest.

Because of that gift, the London hospital for sick children, also known as Peter Pan Hospital has been made richer by 100,000 pounds (\$280,000)—and the money keeps coming in.

Peter Pan and his playmates—the Darling children, Captain Hook and all the other inhabitants of fairy land—have helped the people who run the hospital to build one of the finest, most modern hospital buildings in the world. They also help to pay for research by doctors and skilled technicians to study the costly and baffling diseases that strike at children.

Some of the money this year is coming from the pockets of Americans whose reverence of Sir James has made a revival of Peter Pan a current Broadway success.

Construction Delayed

When the author died in 1937 the hospital was building a structure on the site of the old one in London's Bloomsbury district. It is not yet finished and probably won't be for a number of years. Building material shortages, then a change in plans, have held up the work.

The war stopped construction after the seven-story in-patient building had been completed. That's a many-windowed, H-shaped building with balconies running around every floor.

There are 326 beds, with almost 400 nurses to look after the youngsters night and day. There are 40 staff doctors and 30 consulting specialists who visit the hospital almost daily.

In addition, there are another 100 beds at the hospital's country branch, a former large private home on a 75-acre estate at Tadworth, Surrey, about 20 miles south of London. Then there are two convalescent homes with 18 beds each—one at the seashore near Brighton and another in rural Oxfordshire.

The royalties from Peter Pan help run all these, as does the government, which took over the control of virtually all British hospitals a few years ago.

Government Pays Part

Because the hospital for sick children is a teaching hospital, its funds do not come under the control of the Health Ministry, but are administered by the hospital authorities solely for research and treatment. The government pays all maintenance costs.

There is a Peter Pan ward—the eye, ear, nose and throat section. Like the other wards, it is gaily painted and cheerful. There is a miniature surgery for each unit of eight beds. Every unit also has its playground, with rocking horses, fire engines, trains and dolls for convalescent patients.

Every Christmas season Peter Pan is presented in one of the London theaters. And members of the cast pay an annual visit to the wards to entertain the children.

In the Peter Pan ward is a plaque that reads: "Dedicated to the never-fading memory of one who loved children—Sir James Barrie."

Outbound Flier Bestows Automobile on Stranger

ATLANTA, Ga.—M/Sgt. John H. Cameron was given an automobile by a stranger.

One Air Force sergeant on the flight line at Dobbins field yelled to another, "Hey, Sarge!"

Sgt. Cameron walked over to the man.

"You're gonna think I'm crazy, but see that car over there? It's yours. I've got a plane to catch and I won't be back for awhile."

With that the stranger handed Sergeant Cameron the keys and title papers, boarded a plane and flew off into the wild blue yonder.

The amazed sergeant checked the registration papers on the 1947 model automobile and the plane's passenger list, and found the donor was Sgt. Antonio C. Germano, bound for overseas.

Sergeant Cameron said he was going to keep the car. And then? "I'm going to give it to the last GI I see before pulling out."

Churchill Paintings Appear On Christmas Greeting Cards

NEW YORK—Winston Churchill's paintings will appear on Christmas greeting cards this year.

Twenty paintings by Mr. Churchill for reproduction on cards have been selected by a greeting card company. Another group, including two holy land scenes, a sunset over Jerusalem, and a village landscape, have been selected for next year.

Joyce C. Hall, who selected the paintings, said: "Mr. Churchill is a very vigorous painter. His work is surprisingly professional, and he has done a lot of painting. There are several hundred which he did while he was in his country home and at his London house. And there is a stack of others that he doesn't rate highly."

Hush Money

Rheumatic Fever May Affect Heart; Sets In Early

While the specific cause of rheumatic fever has not been discovered, several factors associated with it and its onset and recurrence are now generally recognized, said Dr. Geo. W. Cox, State Health Officer.

Rheumatic fever is serious because it may affect the heart. Age is important. Rheumatic fever usually begins in childhood at about 5 or 6, although adults may have it. There is a susceptibility to the disease which causes rheumatic fever to be more common in some families than in others. The other factors which may favor its onset, combined with an individual's susceptibility, are frequent chilling, damp or overcrowded living quarters and a poor diet.

The early signs and symptoms may be slight. Some of them, which may occur singly or in combination are: failure to gain weight, poor appetite, pallor, repeated nosebleeds, low persistent fever, and frequent complaint of pain in the arms, legs or abdomen. These symptoms do not necessarily mean that a child has rheumatic fever, but they do indicate that he is below par and should be examined by a physician and his advice followed.

The more characteristic signs include painful, inflamed joints. The child may be irritable without good reason, cry easily, or develop other nervous habits.

It is vitally important to spare the heart unnecessary work for as long as the disease is active and for a period of convalescence afterwards. A child with rheumatic fever should remain in bed until, in the physician's opinion, it is safe for him to get up.

Some children recover from rheumatic fever without developing heart trouble or the damage to the heart may be so slight that the child can live a normal life. In other cases,
